VICTORIA, B. C., FRIDAY, FEBRUARY 23, 1923

WHERE TO GO TO-NIGHT

Columbia—A Connecticut Yankee in King Arthur's Court.
Playhouse—Alice in Wonderland.
Royal—Trouble.
Dominion—Trifling Women.
Capitol—The Third Alarm.

PRICE FIVE CENTS

SAND FORMS NATURAL SHROUD

Body Recovered Near Pachena and Buried Believed to Belong to Ill-fated Alaskan Crew

Information of the finding of the body of a man half buried in the sand at Whale Beach on February 3 was reported to the Provincial Police here to-day in a written report from Constable H. Wood, of that district. The report stated the body to have been that of a man about five feet six inches in height, and of about 150 pounds in weight.

The clothing was in shreds on the body, and included a brown leather jacket and brown boots. The boots were size six and had twelve-inch tops. No papers or other means of identification were found on the remains. Burial took place on February 15.

The remains were discovered by the crew of the "Starfish" life boat and had apparently come recently to the beach, which had been steadily patrolled for some days prior to the finding. The body is thought to be that of a member of the crew of the Alaskan, lost January 2. It is hoped that from the description of the clothing that identification may be established.

NINE FIREMEN HURLED INTO AIR

Blaze Caused Explosion in Sawdust in Montreal

Costly Fires in Buffalo, Florida and Cleveland

Montreal, Feb. 23.—Nine firemen were blown twenty feet in the air by an explosion of dust in several tons of sawdust, following a fire in the heating plant at the Grothe Cigar Factory here this morning. The fire fighters were combatting the blaze, which had broken out in the sawdust pile, and were above it when a deafening explosion under the heap threw it and the men into the air.

Three of the men sustained burns and other injuries, two of them, Pierre Plouffe and M. Paquette being rushed to a hospital, where they are in a serious condition.

Fire in Buffalo.—Buffalo, N. Y., Feb. 23.—Fire early to-day swept through the business block on the east side of Washington Street between Carroll and Seneca Streets, causing a loss estimated at \$250,000.

Fire in Cleveland.—Cleveland, Ohio, Feb. 23.—Firemen early to-day battled for hours to prevent flames sweeping into 175,000 gallons of explosive oils and varnishes in a fire that caused damage estimated at nearly \$200,000 to the Cleveland Varnish Company factory.

HINDU WIDOW ENDED HER LIFE

Burned in India With Remains of Late Husband

Three Men Sentenced to Four Years in Prison

Calcutta, Feb. 23.—A case of sati, or suttee as English-speaking people call it, reported in the Etawah district, indicates that the ancient Hindu custom of widow suicide has not yet entirely disappeared. Sati is the name given to a Hindu widow who, to avoid the social stigma of widowhood, throws herself upon the funeral pyre of her husband and dies by the fire which consumes his remains.

Ganga Din Ahir, aged twenty-eight, died after a brief illness. On the following morning, when the body was taken for cremation, the widow, dressed as a bride, followed, carrying several lighted candles. When the body was arranged for burning she walked around the pyre as a token of respect, and then mounted it and sat with her husband's head in her lap while fire was applied to the wood.

As a result of the woman's death, a criminal case was started against six men of the village. Three were acquitted and the other three sentenced to four years' imprisonment.

LARGE MONTREAL STORE IS CLOSED

Montreal, Feb. 23.—Almy's, Limited, one of the largest department stores in this city, was definitely liquidated this month, was definitely closed for business following a meeting of the inspectors of the estate yesterday.

CANADIAN CLUB

The annual meeting of the Canadian Club of Victoria, will be held in the private dining room, Empress Hotel, on Tuesday evening next.

"P. R." IN TORONTO

Toronto, Feb. 23.—At a caucus of Government members called for Friday the question of proportional representation for Toronto, at the next provincial election will be finally settled.

THIRTEEN LIVES LOST IN KANSAS CITY FIRE AND THREE MISSING

Kansas City, Kas., Feb. 23.—Thirteen persons were burned to death and three are reported missing as the result of a fire here early to-day which destroyed a two-story frame rooming house at 951 Kansas Avenue.

Thirteen bodies were recovered this morning. Six were adults and seven were children.

Between thirty and forty persons occupied rooms on the second floor of the building. Several escaped by jumping from windows.

The dead and unaccounted for: Mrs. Elsie Colston, 27, and children, Violet, 3, John Vernon, 2, Leo Brown, 32, his wife, Bessie, 28, and children, Catherine, 8, Arthur, 6, Margaret, 4, and Leo, Jr., 2; Alonzo Bradford, 22, his wife, Lillian, 20, and their infant child; Edgar Munyon, 17, and his grandmother, Mrs. Munyon, 60; Mrs. Anna Sargent, 43, and her grandson, Donald, 5.

The only bodies identified were those of Mrs. Colston and her two children.

Not Awakened.—The cracking of burning wood did not wake those sleeping in the building, survivors declared to-day. They said that it seemed as if the entire structure was enveloped in flames without notice. Unusual construction of the stairway is believed by the firemen to have trapped persons. The stairway led to a centre corridor on the second floor which branches out in four directions.

T. C. Hattley, owner of the burned building, said he had no idea as to the cause of the fire and was sure there had been no explosion.

PRICE OF SUGAR IS DISCUSSED

Question Raised at Local Council of Women Meeting

At the next meeting of the Local Council of Women the question of the increase in the price of sugar will be taken up.

The question was raised in the meeting of the Council yesterday by Mrs. Bertha Andrews, who quoted from The Boston Transcript, alleging manipulation of the market. Her argument was directed to the fact that in contradiction of the rising prices there was actually a larger supply on the market than had ever existed before. The new crops were larger than had ever been produced, and these in addition to the large surplus stock carried over from last year would result actually in a world surplus by the end of 1923.

San Francisco, Feb. 23.—An advance of twenty-five cents in the price per hundred pounds of refined cane sugar to \$9.30, effective to-day, was announced to-day by the California Hawaiian Sugar Refinery. At the same time an advance of thirty-five cents per hundred in cane, to \$9.45, also effective to-day, was announced by the Western Sugar Refinery.

The price per hundred pounds of refined beet sugar was advanced thirty-five cents to-day by the Spreckels Sugar Company. The new price is \$22.00.

New York, Feb. 23.—Sugar to-day touched the highest price level since 1920. Cuban raw sold at five and one-half cents a pound cost and not yet entirely granulated was quoted at nine cents.

NORWAY WILL BUY PORTUGUESE WINES

Lisbon, Feb. 23.—The commercial relations problem between Portugal and Norway again will be on sale in Norway. The Norwegian Government itself will be the buyer. In one insurance company there is a prohibition law, the wines will not be for sale as beverages, being used chiefly for medicinal and technical purposes.

MONTREAL'S WINTER ILLNESS RECORD

Montreal, Feb. 23.—During the first two weeks in February there were registered in Montreal sixty-nine cases of grippe, of which twenty-eight proved fatal; forty-seven cases of bronchial pneumonia, and twenty-four cases of pneumonia.

In one insurance company there have been forty-nine deaths registered since Monday, the area of the victims ranging from fifty to seventy years, according to La Presse.

WOMAN IN CALIFORNIA WAS CRUELLY BEATEN

Santa Cruz, Cal., Feb. 23.—Mrs. M. J. Masters, 45, a society matron of Santa Cruz, is near death in a hospital to-day after having been beaten with an iron bar in a bedroom of her home last night and her husband, J. R. Masters, a prominent real estate dealer, is being held for questioning by the police.

Masters told the police that two men entered his home while he and Mrs. Masters were asleep, and attacked Mrs. Masters with the iron bar after she had raised an outcry.

PRIZE AT GLIDER CONTEST AWARDED TO FRENCHMAN

Biskra, Algeria, Feb. 23.—When the motorless aeroplane meet closed here yesterday the first award was given to the French aviator, Major Descamps, for distance, height and time in the air. He flew in a straight line for five kilometres 200 metres, reached a height of 540 metres above the starting point, and his total flying time was 24 hours, 24 minutes, 42 seconds.

DEMONSTRATION SEEN IN TOKIO

Great Throng Parades in Favor of Universal Suffrage Bill

Another Demonstration Planned for To-morrow

Tokio, Feb. 23.—Ten thousand police were called out in Tokio to-day to control a demonstration in favor of the bill for universal suffrage to be introduced in the lower House of the Diet to-morrow. A procession, in which thousands from all parts of the empire participated, paraded the city and then marched around the palace cheering the Emperor.

MANSON REFORMS B.C. POLICE TO WAR ON BOOTLEGGING

Col. McMullen, of Prince Rupert, Replaces McMynn as Head of Force

McMynn Promoted to Introduce New Methods at Oakalla Prison

Reorganization of the Provincial police of British Columbia was announced to-day by Attorney-General Manson.

By the reorganization the police will be brought into closer touch with the Liquor Control Board with the object of waging a merciless war under the orders of Mr. Manson on bootleggers and illicit liquor dealers.

Chief W. G. McMynn, who has been head of the Provincial police, with headquarters at Victoria, will be succeeded by Col. J. H. McMullen, now Government agent at Prince Rupert. Col. McMullen will assume the title of superintendent.

Mr. McMullen will become warden of Oakalla jail, replacing Colin Campbell, who will be superannuated. The change will be effective on March 31.

Another new arrangement will bring about a closer co-operation between the provincial force and the liquor control board with a view to waging a more vigorous war on bootlegging. Mr. Manson said. "The police and officials of the liquor board will combine forces in an endeavor to suppress illicit liquor dealing and good results are expected."

Mr. McMullen will also introduce new methods at Oakalla at the instigation of the Attorney-General's Department. It is the plan to make the jail something of a reformatory as well as a place of detention. Although there is no intention to put into force a parole system.

Col. Campbell, the retiring warden, has long been in the Government service. He has been in the Government service for some years, and was at one time Government agent at Fernie. He is well known in the Crow's Nest district and in Central and Northern British Columbia.

PLOTTERS TRIED IN ROMANIA

Seven Hungarians Accused of Scheming to Kill King

Bucharest, Feb. 23.—At the constitutional court of seven Hungarians who are charged with plotting to assassinate King Ferdinand, it was decided to-day that the monarch was to be tried. The monarch was to be tried by the placing of a time explosive under the royal box at the Hippodrome of Delmont. One of the accused, gave the testimony.

E. V. BREWSTER MAKES ALIMONY SETTLEMENT

New York, Feb. 23.—A \$50,000 home on Long Island, its \$40,000 worth of furnishings and alimony to an amount not made public were awarded Mrs. Eleanor V. Brewster by her husband, Eugene V. Brewster, millionaire publisher of movie magazines, in a separation suit settlement, her attorneys announced to-day.

PROBABLE CHAIRMAN OF COMMITTEE ON REDISTRIBUTION

HON. H. S. BELAND

Minister of Soldiers' Civil Re-establishment, is a member of the committee of nineteen members of the Commons to which the Redistribution Bill was referred last night on motion of Premier King. It is expected he will be chosen chairman when the committee meets.

REDISTRIBUTION COMMITTEE NAMED

Commons Asks Group of Nineteen to Prepare Measure

Boundaries of New Constituencies to Be Set

Ottawa, Feb. 23.—The Redistribution Bill has been referred to a special committee of nineteen members of the House which will delimit the constituencies and arrange other details. The committee consists of Messrs. Beland, Boivin, Caldwell, Euler, Hanson, Johnston, Low, Kennedy (Glengarry), King (Huron), Macdonald (Pictou), Stewart (Leeds), Mother, Morris, Stewart, McMurtry, Sutherland and McQuarrie—ten Liberals, five Progressives and four Conservatives.

The committee was appointed on motion of Premier King late last night.

W. P. Maclean, Conservative, South York, Ontario, asked that the committee take into consideration the principle of representation by population. Under the present system, he argued, the largely populated centres of Canada had more representation than the rural districts.

Quebec, Feb. 23.—With the appointment of George Boivin, M.P. for Sherbrooke, and Lucien Canton, M.P. for Dorchester, to be members of the special committee which is to look after the redistribution on behalf of this province, a number of important suggestions are to be made affecting the district of Quebec.

The district of Quebec will come through an authorized source and will ask that the divisions in the City of Quebec and in the nearby district be made in accordance with the provincial delimitations of these divisions. The return to the old divisions which will give Quebec a vote in the meantime on a motion for recommission.

HAMILTON FIRE WAS A MENACE

Several Ontario Families Had Narrow Escapes

Hamilton, Ont., Feb. 23.—Several families had narrow escapes and a loss of approximately \$1,000,000 was caused by a fire which broke out here to-day.

\$50,000 FIRE IN LOS ANGELES

Los Angeles, Feb. 23.—Damage of \$50,000 was caused by the fire to-day in the premises of the Diamond Alaska and Union Coal Companies in the East Seventh Street wholesale district.

COMMITTEE FOR BIG EMPIRE FAIR

Small Group of Men to Direct Preparations for 1924 Event

London, Feb. 23.—(Canadian Press Cable).—The executive council of the 1924 Empire Exhibition has unanimously adopted the recommendation contained in Sir William Joynson-Hicks's report advising the creation of a small administration committee having supreme authority. The council has appointed Sir James Stevenson and Sir Trevor Clarke as vice-chairman and deputy chairman, respectively, of the administrative committee, which will include also the chairman of the finance committee, and the management committee and a representative of the Dominion High Commissioners' offices. The management committee will subordinate itself to the administrative committee.

PRISONERS TAKEN IN IRISH RAIDS

Free State Men Capture Number of Irregulars

Fitzpatrick, Dublin Republican Leader, Among Prisoners

Dublin, Feb. 23.—More than twenty Irish irregulars were captured in raids in Dublin last night and this morning, it was stated to-day. Additional raids are now in progress.

London, Feb. 23.—A dispatch to The Evening Standard from Dublin shortly after noon said the secretary of William Cosgrave, head of the Irish Free State Government, had denied that de Valera had been captured.

S. Fitzpatrick Captured. Dublin, Feb. 23.—Five Irish irregulars, the most important of whom is Sean Fitzpatrick, have been captured by Criminal Investigation Department officers of the Free State Government in a raid at Drumcondra. It was stated at army headquarters this noon. Fitzpatrick is said to be commander of the Dublin brigade of irregulars.

It is unofficially stated that the other four men also are irregular officers.

Meeting Broken Up. It is understood a meeting of the first Dublin battalion of irregulars was proceeding at the time of the arrests.

A rumor was in circulation that Eamon de Valera had been captured in the raid, but of this there is no confirmation.

A Surprise. Belfast, Feb. 23.—A Dublin dispatch describing the capture of Sean Fitzpatrick says the men taken with him were his adjutant, and three officers. Men of the Criminal Investigation Department, the military police, suddenly appeared at the door of the room in a house on Royce Road, where the five were seated at a table strewn with papers.

The official raiders presented revolvers and shouted "Hands up." Five men immediately surrendered.

The Free State military authorities, adds the message, deny the report that Eamon de Valera was captured.

Important Captures. London, Feb. 23.—A Central News dispatch from Dublin says that five members of the Irish Criminal Investigation Department made several important captures early to-day. The men taken included two of the principal leaders of the irregulars. The authorities were extremely reticent as to the results of the operation. It was rumored de Valera and Lynch were among those taken, but there was no confirmation.

It is understood, the correspondent asserts, that the irregular scheme of selected unemployed people, should develop in Canada a reproductive aspect that would after a while annually supply large sums of money towards Great Britain's payment to the United States, in Sir George's opinion, and in addition would help to keep the exchange better in the latter country.

IRISH SOLDIER KILLED; HOUSE WAS BURNED

Dublin, Feb. 23.—The residence of Michael Doyle, member of the Dail Eireann, who was shot dead to-day on the ground last evening at Taggart. Nicholas Williams, a member of the Dublin defence force, was shot dead at Drumcondra last night. It is believed that the shooting was accidental.

SHIPPING BILL ARMISTICE IN U. S.

Agreement Ends Filibuster in Senate; Discussion To-morrow

Washington, Feb. 23.—An end of the Senate Shipping Bill filibuster appeared near at hand to-day through an agreement made behind closed doors for a temporary armistice in the filibuster, which has blocked all business since Monday.

In executive session, the Senate agreed to adjourn at 6 o'clock, take up minor bills for two hours to-morrow and then proceed with the Shipping Bill, but with the possibility of a vote in the meantime on a motion for recommission.

Cape Cod Canal Bill. The filibuster began yesterday in the House by opponents of the bill proposing Government purchase of the Cape Cod Canal was ended after Republican leaders made it known they would not press the measure at this time. They called up instead the Allen Property Bill and gave no indication when the measure would be given consideration.

Chairman Winslow of the Interstate Commerce Commission in charge of the Cape Cod Bill declared in a formal statement that the party managers had given him "no assurance of consideration of the bill at this session of Congress" and opponents freely predicted in private that it would not come up at all. They were prepared to fight it through every parliamentary method if it should.

Representative Winslow said he had "protested" the decision of the leaders "in view of the fact that the bill and in consideration of constant and positive assurance" that there would be House action on it. Chairman Campbell of the Rules Committee explained, however, after a conference with the Republican steering committee that the measure had been laid aside so as to end the filibuster and get some legislation enacted before the end of the session.

FRENCH ENFORCING MARTIAL LAW NOW IN RUHR CITY OF BOCHUM

Result of Disturbance When German Killed; French Officials Will Replace German Customs Officials Throughout Ruhr District.

London, Feb. 23.—Martial law has been declared in Bochum, says a dispatch to the Central News, in consequence of yesterday's disturbance in which French soldiers fired on a crowd and killed a German.

Essen, Feb. 23.—The French have decided to replace the German customs officials by French throughout the Ruhr district.

Dusseldorf, Feb. 23.—The decision of Premiers Poincare and Thuys to operate the railroads by means of an Allied civil administration is seen here as a move to improve transportation conditions, although General Pavot asserts that the railroads already operating under French and Belgian supervision are doing their work.

Details of the new plan will be worked out at conferences among General Degoutte, General Pavot, officials of the French Ministry of Public Works, representatives of the railroads and Paul Tirard, president of the Inter-Rhineland Commission.

No Payments. The functioning of the Allied customs ring is threatened with difficulties in consequence of Berlin's order that no taxes be paid to the occupiers. Such payments, the federal Minister of Finance has decreed, will not be recognized by the German Government. German customs officials have been reminded of their responsibility to the Reich and the Government's confidence that they will resist seizure of their offices with as much firmness as their own.

French Claim Success. The French maintain that their customs barrier is secure, and that the courage of Germany's economic life blood has been diverted. The Germans, on their part, declare through the press that they are adamant in their determination not to yield, and point out that such penalties as the expulsion of German functionaries "only strengthen the German position. Expulsions of Ruhr and Rhineland officials already total 467, the Germans allege.

BARTHOU SAYS ALL FRENCH SUPPORT THE RUHR POLICY

Paris, Feb. 23.—"France will never abandon her action in Germany until her coal reparations have been obtained," said Louis Barthou, president of the Reparations Commission, to members of the United States colony last night at a dinner held in honor of Washington's birthday.

M. Barthou added that for years France had been patiently supporting the Reparations Commission, but that she was now ready to take action against the aggressor in the World War, should escape his just responsibilities.

M. Barthou referred to the "stupid lying and madness which attributed to France the thought of annexing the Ruhr Westphalia," he added, held no place in the mind of any Frenchman, but he declared that France was weary of seeing that a shadow.

LOSSSES TOTAL OVER \$590,000

Barber Who Became Financial Manipulator in U.S. Is Sought

Possibility He Committed Suicide Is Considered

Chicago, Feb. 23.—While authorities in various parts of the United States to-day continued checking up the operations of Joseph M. Barber, alias Joseph Blatz, a barber who rose to become a buyer of banks, and whose financial deals were reported to have caused losses approximating \$591,000, reports indicated he might have committed suicide.

That theory found its inception in a letter written by Barber from some point in Texas or Mexico to Abraham Goldman of Chicago, his father-in-law and who, according to investigators, supplied the missing man with funds in a greater or lesser amount. The letter was reported to indicate that Barber might be in the hands of creditors could realize on the life insurance policies, totalling \$100,000.

GERMAN KILLED IN BOCHUM WHEN FRENCH FIRED

Dusseldorf, Feb. 23.—Blood has again been spilled in the course of the French "digging in" process in the Ruhr district. One German civilian was killed and two were seriously wounded at Bochum yesterday when two French soldiers fired on a crowd that had gathered to watch the occupation of the law courts building. Observers said the shooting was done by "punks" who were obviously irritated by the jeers of the bystanders.

JOSEPH MARTIN WAGES A FIGHT AGAINST ILLNESS

Vancouver, Feb. 23.—The condition of Joseph Martin, K.C., who is seriously ill at the Vancouver General Hospital, is reported this morning as unchanged.

URGES DEVELOPMENT OF WHEAT AREAS

Sir George Johnston Suggests Plan to Aid Britain and Canada

A Reserve in Canada to Pay British Debt to U. S.

London, Feb. 23.—(Canadian Press Cable).—Sir George Johnston, a member of the council of the London Chamber of Commerce and the British Empire League, at a meeting in London yesterday suggested that Great Britain should build up in Canada a reserve toward the payment of the debt to the United States. He said the Canadian and the United States dollars were not likely to vary seriously in value and therefore any fund which the British Government could build up in Canada would be comparatively free from exchange fluctuations.

Canada was capable of being developed at a much more rapid rate than the present capital and manpower at its disposal could develop it, Sir George said, and the British Government could now borrow money at a lower rate than it had been able to do for a good many years. If it could obtain grants of land in Canada it could use say \$2,000,000 in developing the wheat areas and probably certain industries in Canada.

This work, in conjunction with some large-scale scheme of selected unemployed people, should develop in Canada a reproductive aspect that would after a while annually supply large sums of money towards Great Britain's payment to the United States, in Sir George's opinion, and in addition would help to keep the exchange better in the latter country.

FLOUR SUBSTITUTES USED IN FRANCE

Last Wheat Crop Totalled 66,000,000 Quintals

Paris, Feb. 23.—France's wheat shortage has been found by the Ministry of Agriculture to be less than supposed. Revised statistics, published to-day, show that last year's crop totalled 66,000,000 quintals, instead of 64,000,000 quintals as previously announced.

The shortage, however, is still sufficiently serious, the Ministry says, to necessitate the severest measures of economy, including the use of rye and other substitutes in flour and a reduction of the wastage of bread.

Barber, who became a financial manipulator in U.S. is sought. Possibility he committed suicide is considered.

Vancouver, Feb. 23.—The condition of Joseph Martin, K.C., who is seriously ill at the Vancouver General Hospital, is reported this morning as unchanged.

HONOR VINDICATED IN SUPREME COURT

Mr. Justice Gregory Thinks
Controversy Should Be
Dropped

An effort by F. G. Powkes to compel his brother lawyer, J. R. Green, personally to pay part of the costs in the case of Garrard vs. Garrard, came to an unsuccessful conclusion before Mr. Justice Gregory this morning. Mr. Powkes was represented by A. D.

Crease, while Mr. Green appeared for himself. Mr. Green explained that the trouble had arisen through a misapprehension by the plaintiff, Sadie Garrard. He, therefore, withdrew all allegations against Mr. Powkes, and expressed his willingness that the documents be removed from the court file.

"Your honor is vindicated," said Mr. Justice Gregory to Mr. Powkes. "The plaintiff comes here and amply withdraws the statements." He intimated that he thought that under the circumstances it would be a mistake to proceed further with the effort to make Mr. Green personally pay the costs.

After some discussion the matter was let go at that. The action of W. B. Garrard and Sadie Garrard to pre-

vent the registration of a deed to Wm. Garrard, of Saanich, now held by the Royal Bank here in escrow, was dismissed.

URGENT REVISION OF DISABILITY TABLE

H. D. Twigg Before Pension
Commission This Morning

Vancouver, Feb. 23.—Continuing his representations on behalf of ex-service men before the Royal Commission, H. D. Twigg, of Victoria, this morning, again took up the subject of pensions as related to medical examinations. The refusal of medical evidence from physicians not connected with military boards was emphasized, the point being pressed that the evidence of family doctors should carry some weight with the S. C. R. medical officers.

Mr. Twigg cross-examined Dr. Thompson, pensions medical examiner at the S. C. R. in an effort to show that the head office at Ottawa frequently altered decisions of the medical men here. Dr. Thompson said that perhaps for cases the local officers may have given the men the benefit of reasonable doubt.

He admitted that the ruling of head office was final. General Treatment. Mr. Twigg maintained that while Canada had been generous in the treatment of disabled ex-servicemen, the total disability the country was not so liberal in regard to certain partial disabilities. He referred to such things as the loss of an eye or a leg, or deafness and compared pensions for those in comparison with pensions paid in England. The returned men had no quarrel with the S. C. R. so far as medical treatment went, he said, but there should be a revision of the table of disabilities. The line of demarcation between the S. C. R. and the Pensions Board should also be more clearly drawn. At present the men felt they had too many medical men to deal with and they frequently became discouraged and gave up effort to get pensions when it became necessary to carry the fight to Ottawa.

The commissioners agreed that they had met the same complaint of the multiplicity of medical officers elsewhere on their trip. More Clearly Defined. Other representations made by Mr. Twigg were that men should have access to their medical files, that powers and duties of sub-unit medical officials should be more clearly defined, that a man familiar with naval affairs should be at the head office to deal with applications for pensions from naval men, that no men should be retained for observation by medical men without sufficient reasons on account of the inconvenience and expense involved, and that men desiring treatment or examination for pensions, on presentation of a certificate from competent local medical authorities, should be provided with transportation expenses to the point of examination. It was also maintained that men under treatment with pay and allowances should continue to receive pay and allowances, even after discharge from hospital until the question of pension was settled.

Pay and Allowance. Commissioner McKeown remarked that a man leaving hospital and not in receipt of pension should get pay and allowance until pension was settled, as no man was fit to work immediately after leaving hospital.

Mr. Twigg also pointed out that many men had suffered considerable loss through the Government scheme of commutation of pensions. Chairman Halston pointed out that pensions had been commuted at the urgent request of ex-service men. Mr. Twigg admitted this, but added that in British men were permitted to appeal after commuting pensions if they felt that their disabilities had increased since.

Mr. Twigg admitted this, but added that in British men were permitted to appeal after commuting pensions if they felt that their disabilities had increased since.

Commissioner McKeown remarked that a man leaving hospital and not in receipt of pension should get pay and allowance until pension was settled, as no man was fit to work immediately after leaving hospital.

Mr. Twigg also pointed out that many men had suffered considerable loss through the Government scheme of commutation of pensions. Chairman Halston pointed out that pensions had been commuted at the urgent request of ex-service men. Mr. Twigg admitted this, but added that in British men were permitted to appeal after commuting pensions if they felt that their disabilities had increased since.

Commissioner McKeown remarked that a man leaving hospital and not in receipt of pension should get pay and allowance until pension was settled, as no man was fit to work immediately after leaving hospital.

INQUEST CALLED ON HOSPITAL DEATH

Dying Man Passed Away
After Operation

Relatives Had No Opportunity
to Arrange His Will

Called at the instigation of the Attorney-General's Department, at the request of the relatives, an inquest opened at the Sands Funeral Parlors this morning before Coroner E. C. Hart, on the remains of the late William Watson, 333 Simcoe Street, who passed away at St. Joseph's Hospital on February 21. "I am not conversant with the circumstances in connection with this case," stated Dr. Hart in opening. The inquest is being held under the direction of the Attorney-General, he added.

Dr. S. Tait, barrister, appeared on behalf of the relatives, brother-in-law, Mr. John E. Irwin, and his wife, the sister of the late William Irwin. Dr. Hart's Evidence. Dr. Ernest A. Hall took the stand and stated that on Monday he had been called in to attend the case, but had later ascertained that the patient was under the care of Dr. H. E. Riding. When he discovered this, witness, who held a brief consultation with the latter agreed with him as to the future treatment of the case and withdrew. The course decided upon was an operation of the abdomen.

In response to a question from Mr. Tait witness stated that it was not his practice to notify relatives in cases where operations were necessary, it being recognized that relatives were likely in touch with what was going on. Dr. John H. Moore, appearing on behalf of St. Joseph's Hospital, on the stand explained the pathological conditions found at a post mortem conducted by himself yesterday. He found a condition of necrosis of the bowels, that is, a dying-away of portions of the bowels through lack of blood circulation, evidence of past tubercular trouble in the lungs, and other minor conditions. The acute defect was the condition of the bowels, and that was the cause of death.

Possibility of Cancer. To Dr. Ridewood witness stated that the condition found was a most unusual one, and not readily diagnosable. The condition had not been present many hours and in his opinion had been formed from a blood clot in the artery feeding that portion of the body. Anaemia was present to some extent, held witness, which might have led to the formation of the blood clot. The condition found would be quite consistent with a suspicion that cancer had possibly set in.

Dr. Moore produced the medical history sheets of the hospital, and from them stated he found a report of cancer of the stomach, and the possibility of cancer occurring to the medical attendant. Witness assisted by giving the anaesthetic on the morning of the operation, about ten o'clock, and at that time the patient was in a fair condition, from an operating point of view. His heart was in order. The patient died about an hour after the operation, concluded witness.

Witness produced the consent sheet called for by the hospital rules, which in this case had been signed by the patient, placing himself under the care of the doctor in question. The hospital made no rule as to the notification of relatives, and practitioners were guided by conditions present.

Operation Imperative. Recalled to the stand Dr. Hall stated the patient had been in perfect possession of his senses, in relation to his visit prior to the operation. The patient could not have lived without an operation and the operation afforded the sole chance of saving his life. Dr. Hall did not suspect the condition of necrosis at the time of his examination, and had been in entire agreement with Dr. Ridewood as to the future treatment of the case. The patient might have lived two days if the operation had not been performed, or three at the very outside, stated witness. "It was his only hope," stated Dr. Hall.

In forty years of practice I have only dealt with one case of necrosis, and I have never heard of any surgeon who was able to diagnose the existence of this kind of necrosis, he stated. The symptoms are obscure and no blame could be attached to anyone for a failure to detect the condition.

Shrunk to a Shadow. John R. Irwin, brother-in-law of the late William Watson, took the stand. He stated that he had been called by his brother-in-law before Christmas, and had sunk very low in the last two weeks, suffering intense pain. He saw his brother-in-law at the hospital several times, and he had "shrunk to a shadow" on the last occasion.

Witness had been told by Dr. Ridewood that there was little or no hope, he stated, and on Wednesday came to take his brother-in-law home, as he had expressed the wish of wanting to die at home. The operation had been performed without consulting the relatives, stated witness, and without giving witness time to bring spiritual comfort to the patient. Just before his death the patient had made some verbal dispositions of his estate, but had not had time to finish the disposition of his affairs before the operation was performed. After the death witness had expressed himself freely to the doctor in charge of the case. He had been told that the matter was regretted, but that the medical attendants was not obligated to notify relatives in cases of emergency. Witness had been told the same thing by the Sister Superior at the Hospital, he stated. Witness was aggrieved, he stated, because his brother-in-law had been placed on the operating table before he could see a Minister. At this stage the proceedings were adjourned until 3 p. m.

Messrs. J. P. Sylvester, William Arme, Thomas Wilby, Frederick Ramsdale and H. C. Cutt formed the jury.

SCHOOL FOR POOR AS MEMORIAL TO FATHER VAUGHAN

London, Feb. 23.—Father Bernard Vaughan, the popular Jesuit who died last Fall, is to have as memorial a central school for eleven poor Roman Catholic parishes in London's East End. In this way the work to which he gave much of his time, and thought will be carried on. Cardinal Bourne, Lord Fitzalan and Governor-General Healy of the Irish Free State are patrons of the memorial plan.

DISCUSS GRANT FOR PUBLICITY

Important Subject Is Fully
Discussed at Joint
Luncheon

A joint luncheon of the Tourist Trade Group of the Chamber of Commerce with the members of the City Council and of the councils of neighboring municipalities was held at the Chamber of Commerce restaurant this afternoon, the object being to persuade the representatives of the municipalities that money devoted to publicity purposes was money well spent.

Chairman, Frank Waring, of the tourist body group, said he regretted that the effort to capitalize the island scenery had not been prosecuted as vigorously as might be. To show that tourists were money spenders, he remarked that any man who went to visit another city, knew that he carried with him more money than when he started. "The tourist has to leave money in the towns he visits," the speaker regretted the absence of any representatives of Saanich or Esquimalt.

Every possible assistance should be rendered the existing organizations for attracting tourists, he said, looking after tourists. He thought it would be better if Victoria and the adjacent municipalities became like one large family, all pulling together. The tourist trade group was becoming known as workers and not talkers. Quite evidently something would have to be done to take care of the influx of tourists this year. There would be at least 5,000 cars this year at the auto camp, which was being established. It was heart-breaking to see the number of young fellows who were leaving here for cities in the South. Added business would mean that more help would come in the winter time, and the young fellows would be kept at home.

Publicity Grant. Arthur Lineham said the object of the luncheon was if possible to impress upon the members of the City Council the importance of the publicity grant. Instead of being reduced from \$25,000, it should rather be increased. Personally as a taxpayer, he would be glad to see it \$50,000.

Alfred Carmichael said he spoke as a taxpayer of Oak Bay. The bringing of tourists here would be of benefit to the whole south end of the island. Business comes through tourists. He thought it wrong that the other municipalities as well as Victoria, would not contribute their share. The advertising should be increased, if anything, because it would have a cumulative effect.

Alderman R. B. Keane suggested that the aldermen should visit the auditorium on Monday nights when an entertainment was put on for visitors. This would show them what benefit was being derived by the city through tourists being attracted here from the north.

Better Ferry Across Strait. Alderman Todd expressed his conviction that to decrease work being done for publicity at this time would be a horrible mistake. The publicity bureau, to carry on its work effectively this year, must have at least \$25,000. He suggested that the City Council a straight grant of \$20,000 and dollar for dollar of what might be collected from other sources up to a total of \$50,000. The goal towards which they should set their minds was to have a magnificent ferry running between here and Port Angeles, making several round trips a day.

Camp Finance. H. P. Johnston told of conditions in connection with the auto camp. A grant had been received of \$3,500 for development, and an effort would be made to get the other half of the grant. The camp would be run on a business basis, and it was hoped to have some surplus to go towards purchasing the land. At the end of the five-years lease, Alderman Woodward said he opposed the grant of \$25,000 to the publicity bureau, as they had not played level with those whom he represented. Eight street sweepers had been laid off, the number of men engaged on city work had been cut down, and wages had been reduced. If this was to be a community benefit, it should percolate through to all classes.

Should Ask Enough. D. W. Poupard said the mistake made was in not asking for \$100,000. If they had done this, they might have got something really substantial. He offered a resolution to the effect that the service clubs of Victoria, and other organizations interested, be asked to send two representatives to sit on a special committee to consider arranging privately conducted tours of Vancouver and the surrounding area. This was seconded by W. J. Clubb and was left over for consideration at a subsequent meeting.

Alderman Todd moved to endorse the granting of another \$12,500 by the City Council for band concerts this summer, making the total \$25,000, on condition that the bandmasters and others interested raise a similar sum. The motion was seconded by Alderman Todd and carried.

Capt. J. W. Troup remarked that all the tourists did not come by motor car. The C. P. R. does its best to attract "travellers" to the island and had been doing so for many years. At Bellingham he had seen a striking example of what real comfort and support was. They had told him that he could himself select the site for landing, whether in North or South Bellingham, and they would all support him. Accordingly he had selected a landing site in North Bellingham, and the citizens of that city would equip it at their own expense.

Mallek's Big Dollar Day Offer

It stands to reason that we cannot possibly offer Women's New Spring Garments for the small sum of one dollar—but we feel that we must do something in order to enter into the Dollar Day spirit of bargain giving to-morrow. Here is our offer:

A Discount of
10%

Will be allowed on any Suit, Coat, Dress, Skirt or Sweater in our store—an offer which means the saving of a great many dollars to the purchaser, as our regular prices are always considerably lower than those asked elsewhere. Pay us a visit on Saturday. If you see a garment that you would like, but have not sufficient cash available, a small deposit will secure a reservation and at the generous discount of 10 per cent.

COLD WEATHER AVIATION TASK FOR CANADIANS

Ottawa, Feb. 23.—That it was only a matter of time when the question of cold weather aviation would be solved, and that Canadians were going to solve it, and that the development of transportation in the north would come in the winter time, was some of the opinions expressed by Gen. William Mitchell, Assistant to the Chief of the Air Service of the United States, in an informal address delivered to members of the Canadian Club here yesterday.

Another statement made by the distinguished flying officer was that it could now be definitely said that it would be possible in the future to go around the world with one charge of gas.

FIGHT NOT ENDED, PREMIER ASSERTS

Edmonton, Feb. 23.—Hon. John Oliver, premier of British Columbia is in the city on his way home from Ottawa, where he has been working for several weeks past on the railway freight rates case.

He expressed his confidence that progress was being made in the matter, and that the British Columbia position was gaining in favor and strength every day.

The Premier will, however, have to make another trip to the capital before a definite answer can be secured.

"At the request of Hon. Mackenzie King," says Premier Oliver, "the question is to be held over without further discussion, until after the close of the present session of Parliament."

Alberta's endorsement was a real help, said the Coast Premier in reference to the campaign for freight rates reduction.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made
Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin, and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

OTTAWA ACTION TO END TRAFFIC OF B. C. BOOTLEGGERS

Ottawa, Feb. 23.—Proposed amendments to the Canada Temperance Act now standing on the Order Paper of the Commons in the name of Hon. D. D. Mackenzie, Solicitor-General, is understood, will revive the proposed amendment of last year which resulted in conflict between the Commons and the Senate as to the control of imports of intoxicating

liquors by the Provinces of British Columbia and Quebec, which have Government commissions. The amendment this year is to add Part Five to the Canada Temperance Act. Last year this section of the Act was passed by the Commons at the instance of the British Columbia Government, which claimed that the placing of such a provision in the act would give its Liquor Commission a chance to prevent bootlegging and reduce the illegal liquor traffic to a minimum. This amendment, however, was thrown out by the Senate and other amendments to the Act went through without it.

CENTRAL ADVISORY RESEARCH COUNCIL

Suggestion for Canadian Progress Made by Sir Clifford Sifton

Ottawa, Feb. 23.—That Canada should have a central advisory research council which would have under its wing all the scientific branches contained in the different Government departments was a suggestion voiced by Sir Clifford Sifton at a meeting of the Canadian

Manufacturers' Association here last night. Sir Clifford put forward a proposition which involved the appointment of a board of governors of about twelve men and the establishment of what amounted to a new Government department solely for scientific research. He said that such a body should not be under the direction of a political Minister.

Hon. James A. Robb, Minister of Trade and Commerce, said his department was doing its best to carry on the work which had been started by Sir George Foster in a scientific way. He regretted that finances at present would not allow much latitude.

\$500,000 in a research work would go much farther than the millions which it was proposed to expend on the Hudson Bay Railway. Besides, after the country had the benefit of the work of the Research Council, it would be much better able to go ahead with the railway.

CABLE EXPERIMENT RESULTS AWAITED

Pacific Cable Board Delays Vancouver Island-Fiji Duplication

Vancouver, Feb. 23.—Decision on the duplication of the Pacific cable between Fiji and Vancouver Island has been postponed pending the result of experiments with a new design of cable capable of increasing the speed of handling by 500 per cent. according to John Milward, manager of the Pacific Cable Board. Mr. Milward is in Vancouver returning to his headquarters in Australia from London, where he went to discuss the policy of duplication.

"If the experiments being conducted by another cable company with the new design should prove satisfactory we would naturally wish to use the new type in our service," said Mr. Milward, "but in view of the fact that our span from Banfield to Fanning Island, 3,450 miles, is the longest cable in the world it would hardly do for us to make any rash experiments."

Lower Rates
"If the new type is a success it may mean that with the greatly increased volume of business we can handle we can reduce rates which would be a great benefit to the public."

Mr. Milward stated that the duplication work was now laid out between Sydney and Southport, Australia, and between Auckland and Fiji. It will complete the duplication between Australia, New Zealand and Fiji. Mr. Milward will sail for the southern hemisphere aboard the liner Makura to-night.

COST OF LIVING RISES IN FRANCE

Paris, Feb. 23.—The cost of living continues to rise steadily in France, and in some cases it has led to strikes. There is a certain amount of unrest among the workers at Amiens, especially in the weaving trade, and there are strikes among the weavers at three other factories there. Foundry workers recently received an increase in wages which they regarded as insufficient because of the cost of food and commodities, and they went on strike, working bakers, shop assistants and tramway employees in various parts of France are all demanding higher wages.

CIVIL SERVICE INQUIRY SOON

Commons Decides Committee Will Investigate Operation of Act

Ottawa, Feb. 23.—The House late last night decided in favour of a special committee to investigate the operation of the Civil Service Act. The vote was: For 103, against 68, majority for 35.

The Division
The Liberals voted solidly for the committee and the Conservatives against it. The Progressives divided. Ten, with two Labor members, voted for the proposal, and thirty-seven, including the Progressive leader, voted against it.

Premier King said Mr. Meighen had misrepresented his position. He asserted the Government was opposed to repeal of the Civil Service Act and was opposed to abolition of the Civil Service Commission, but believing it to be in the public interest that the Civil Service Commission should be investigated by a special committee. Hon. G. P. O'Brien, Minister of Defence, urged the necessity of an investigation, observed that more than 1,000 employees had retired from his department in the last fourteen months, not because they were inefficient but because of retooling work. In the meantime, other departments were advertising for clerks. New applicants had come in from various parts of the country and were appointed, while 1,000 experienced and efficient clerks were walking the streets of Toronto and Ottawa.

Revoked Economy
Joseph Archambault, Liberal member for Chambly-Verchères, Quebec, regretted Major C. G. Power had been unable to amend his resolution by adding the words "as to restore, as far as circumstances permit, the Civil Service Amendment Act of 1908."

Mr. Archambault was anxious in favour of the resolution if so amended. He said there were too many commissions. They were a detriment to responsible government, and he did not believe any three men could sit in Ottawa and make proper appointments everywhere between Halifax and the British Columbia coast.

Mr. Archambault favored a return to the law of 1908 on account of economy. Under the old system in 1909 the Civil Service Commission had nine employees and cost \$12,531; while in 1921 it had 255 employees and cost \$27,493.

No Bill
J. J. Hughes, Liberal, King's, P.E.I., declared the proposal of Robert Forke, Progressive leader, that the Government bring down a bill was impracticable this session. There would be no time for the Cabinet to draft an act under the pressure of sessional business.

Premier King said the act as it stood was not workable. It needed amendment, and it was right to go about it was to appoint a committee to consider the amendments. Fernand Rivest, Liberal, James Division of Montreal, held that control should rest where rested responsibility. The people had instructed their representatives to administer the affairs of the country. Therefore they should do it and not resort to commissions to do it for them.

Opposed Change
Brig.-General A. E. Ross, Conservative, Kingston, thought the present was not the time to interfere with the Civil Service Commission. Hon. Charles Macell, Liberal, Bonaventure, Quebec, supported the commission.

A. J. Lewis, Progressive, Swift Current, Sask., remarked that various members of the Government had said that they wished to get rid of the Civil Service Commission. "Which members of the Government said so?" sharply asked Premier King.

"I should have said some members on the Government side," replied Mr. Lewis.

Mr. Lewis argued that if Ministers were too busy, as had been said, to recommend certain reforms, they were certainly not qualified to spend their previous time on political patronage and job seekers.

Judges
L. H. Martell, Liberal, Hants, N. S., asked if Mr. Lewis would favor appointment of judges by the Civil Service Commission. Would he give the Civil Service Commission, "composed of an ex-town clerk, an ex-doctor and an ex-lawyer," the right to appoint men to the highest positions in the Dominion?

"I think the Commission would be as capable in that as the present administration," responded Mr. Lewis. Judges in their judicial capacity would not be appointed by any Government, he maintained. In many instances they had been chosen for their political leanings, and perhaps because they were defeated candidates in a previous election, he said.

Income Tax Branch
When Mr. Meighen said the Premier had advocated that Ministers should possess the power to make appointments, Premier King asked: "Why did the Leader of the Opposition not put the income tax branch under the Civil Service Commission when he was in power?"

"Because they were intended to be temporary at the time," replied Mr. Meighen.

The Civil Service Commission, Mr. Meighen said, was not an irresponsible body. It was responsible to Parliament.

During the recent Parliamentary, Premier King said, the Government had conferences with the Civil Service Commission and with Deputy Ministers and as a result of these conferences it was persuaded that the Civil Service Act could be amended with advantage.

FATHER DIED WHILE HIS SON BOXED

New York, Feb. 23.—Pasquale Meola, a wealthy contractor, dropped dead last night while cheering his son Morris to victory in the fourth round of a six-round boxing match.

A MATTER OF LIFE AND DEATH.

Recent maritime history on this part of the Pacific Coast has no doubt impressed the Dominion Government with the necessity of taking steps to furnish adequate protection for shipping in stormy weather.

It must not be supposed that conditions which visited the West Coast of Vancouver Island a week or so ago can be considered unique. Unusual and unexpected circumstances will develop and the out-of-season storm may put in an appearance at any time. But as long as ordinary shipping—the four craft which went to their doom a few days ago—is left to its own resources under abnormal conditions there will be a toll of human life and material damage.

On this account it is imperative that the Government at its present session take such action as will remedy the present unsatisfactory conditions. It is a matter of life and death in every sense of the two terms.

THE MARK AND REPARATIONS.

Political economists and financial experts have given the people of the Allied countries a variety of versions upon Germany's ability to pay her reparations account. Some argue that the debacle of the mark is proof of Germany's poverty and distress and contend that this self-same poverty and distress have been caused by the crushing burden of reparations. Sir Sidney Low does not understand how these assumptions can be justified. He considers that the collapse of the German monetary system is no evidence that the country is poor for the simple reason that money is not wealth but only the measure of wealth. His analysis of the argument which defends the scaling down of the Allied account against the debtor nation to a point that may be considered reasonable is difficult to refute when the following points are considered:

The alteration of the measure does not necessarily mean a corresponding alteration in the quantity or intrinsic value of the things measured. If Parliament enacted that the quart pot should be called a pint there would be no more and no less beer, and the wealth of the country in beer would not be changed.

If it were decreed that the yard should be twelve inches and the foot four the average man would be from seventeen to eighteen feet in height, but he would not require to wear longer coats and trousers.

A German is not poor because he pays a piece of paper called a thousand marks for a box of matches instead of a few pennies provided he has sufficient thousand-mark notes for all the matches he needs, which his Government takes care of.

The wealth of any country consists, first, in its natural resources—land, minerals, timber, etc.; secondly, in its capital—fixed and circulating; thirdly, in its productive power. All these elements of prosperity Germany retains, in spite of the currency struggle.

Germany is not poor; but if she were poverty could not be the result of the Versailles Treaty. Even if the sum fixed by the Reparations Commission were "crushing" (though it is less than our own War Debt), Germany cannot have been crushed by it, for she has paid only an insignificant fraction of the total in cash and kind.

She has delivered to the Allies an amount which cannot be estimated higher than four hundred millions sterling, and is probably under three hundred millions.

We in Great Britain are paying the former sum annually as interest on our debt alone. If England is not "crushed" by a payment of four hundred millions a year, why should a similar, or smaller payment, spread over four years, crush Germany, which is a larger country, with twenty millions more people to contribute to the revenue?

Sir Sidney Low's comments make it difficult to understand how it can be seriously argued that French action has destroyed all hope "of restoring the stability of German currency," and of enabling Germany to negotiate a loan for the liquidation of her reparations debt. Germany commenced the debasement of her currency months ago and it had already dropped to something like rubbish values long before the French advanced into the Ruhr region. Her Government obviously took the surest course to wipe out its internal debt and contribute more difficulties to the process of collecting reparations. Is it reasonable, therefore, to assume that she will feel disposed to restore her credit during the next four years, and borrow money to pay the Allies, when that course would require her to impose heavy taxes upon her own people?

German state finance is one gigantic swindle. The wealthy man can evade payment where he is not specially favored by the Government. The coal magnates of the Ruhr pocketed the coal tax for months and the millionaires do not suffer by the fall of exchange. Their fortunes—and they are large ones—are carefully salted away in foreign banks where they are safe from seizure and exempt from the rapid depreciation which the continual printing of paper money causes. What, then, will the German Government do to make Stinnes and Thyssen and Company disgorge. We were informed a few days ago that the authorities in Berlin are getting a little more courageous and will soon let the industrial barons know who is in control. Will they go the limit and pass a law compelling the millionaires to disclose the amount of their investments and bank balances in foreign countries? This would be the shortest way to a fund sufficient to pay the Allied claims without imposing undue hardship.

How Great Britain is actually helping to pay for Germany's default is illustrated in the significant comparison of taxation per capita in 1913 and 1923. Ten years ago it stood at £3.10.0. It is now £20.4.0. And when Britain was forced to facilitate her financial arrangements with the United States all British holders of American securities were compelled to disclose the character and extent of those investments. Severe penalties were promised those who failed to comply with

this instruction. Germany's policy has been just the reverse in all these important financial particulars. But France knows where the money is. She will stay in the Ruhr until the Government at Berlin ceases to be the puppet of the industrialists.

HOW WE ARE PROGRESSING.

When people become despondent and begin to think that Canada is either standing still or going backward it would do them good to amuse themselves with a little study of statistics which are really compiled for their especial information and benefit. The 1921 edition of the Canadian Year Book contains a substantial volume of good cheer and if one will only lift himself out of the parochial rut and get at the right end of a national telescope he will discover much that will dissipate even the most chronic attack of the "blues." Here are just a few statistics culled without laborious effort from the Year Book to which we have referred: From 1901 to 1921 the value of Canadian minerals mined has increased from \$65,797,911 to \$172,430,648; field crops from \$194,953,420 to \$931,863,670, and as high as \$1,537,170,100 in 1919, when prices were at the maximum. Exports have risen from \$177,431,386 to \$1,189,163,701; imports, from \$177,930,919 to \$1,240,158,832; about seven-fold in each case. There were only 63,192 miles of telegraph in 1901 and 902,090 in 1921—nearly a fifteen-fold increase. Money orders issued increased from \$17,956,258 to \$173,523,322, almost a "ten times" record. Deposits in chartered banks approached a seven-fold increase—\$349,573,327 in 1901 and \$2,264,586,736 in 1921.

ARTHUR WALKER'S \$13,000,000.

Some years ago a youth named Arthur Walker left his native Ontario village and went to the United States. He became secretary to an exceedingly wealthy man by the name of Seales. The employer died and left Walker more than \$20,000,000 and out of a sole surviving relative with \$200,000. The latter very naturally contested the will and succeeded in increasing his bequest to \$4,000,000. He is now content and Walker is faced with the task of keeping the wolf from the door on something like \$13,000,000.

Most people throughout the world will catalogue Walker's career as an extremely brilliant one. His inheritance will earn for him the plaudits of the multitude because it still continues to worship the golden calf. But the real worth of Arthur Walker's life may not be assessed until he has received his last summons. Posterity will then judge him and his works by the manner in which he disposed of the \$13,000,000—which a mixture of gratitude and eccentricity willed to him.

NOTE AND COMMENT

Reports have it that Eamonn de Valera has been captured by Free State troops. We doubt the accuracy of the rumors; but most people would be ready to put out a flag if they were confirmed.

The Dominion Government has advanced \$40,000 to the Canada Colonization Association for advertising in Great Britain and the United States and to provide information for proposed purchasers of lands in Canada. This expenditure will be justified if it shall be employed in telling the cold truth about conditions in this country. The man who cannot survive being told that his pathway to independence in Canada will be a difficult one had better not leave his native heath.

If the evidence that is presented to the Royal Commission investigating re-establishment and pensions problems, now sitting in Vancouver, is of a constructive nature the report that will eventually be presented to the Dominion Government should contain a great deal of useful matter upon which plans for improvement may be based. We shall hope that there will be some real suggestion in respect of the future of those ex-service men who are likely to be handicapped by tuberculosis for some time to come.

If King Tutankhamen had any idea that he was going to cause such a stir throughout the world when he arranged for his last sleep three thousand years ago he might have decided in favor of cremation. As it is he is in danger of becoming the object of thousands of prying eyes. We wonder what would happen if it were proposed that the remains of Henry the Eighth or any other member of the distinguished dead should be exposed to the gaze of the curious. Surely after archaeology and science have been served ordinary decency extant three thousand years ago should survive and the mummy of Tutankhamen treated with the reverence that would be unquestioned in the case of George Washington.

OUR CONTEMPORARIES

WHAT ABOUT CANADA?

Los Angeles Times:—South America is prosperous and most of the republics felt only remotely the shock of the World War. Their money has not deteriorated in value. The people to the south of us have ready use for our wares. If intelligent attempts are made our business with the South American republics can be easily doubled during the year upon which we have just entered. But we must go it understandingly.

DIFFERENT METHODS.

The Edmonton Bulletin:—Berlin is beginning to wonder who will have to pay the cost of keeping the French army and the horde of French officials in the Ruhr. Berlin is lucky to have a chance to do any wondering along that line and the people in the Ruhr district are still more lucky. The Belgians were not left in doubt for a moment whose pockets would have to supply the revenue of the German administration that was set up in their country against their wishes. They were looted first and taxed next, and abused without mercy if the proceeds did not come up to expectations.

Other People's Views

Letters addressed to the Editor and intended for publication in this column should be short and legibly written. The longer an article the shorter the chance of its being published. Contributions must bear the name and address of the writer, but not for publication unless the editor is informed. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

TRIBUTE TO MR. CAIRNS

To the Editor:—I noted the tribute in your paper last evening to our late friend Mr. Cairns, by one who worked with him for years in the Post Office. Allow me to endorse every word of this appreciation, and to add to it a little story. Some years ago I had been several times to the Post Office inquiring after an important letter which had been telegraphed for, and the delay in the arrival of which had caused anxiety. When the next day (Sunday) Mr. Cairns having gone to the Post Office—and the letter having in the meantime arrived—he went up to our place on Victoria Arm and so relieved our anxiety. For this kindness I shall not forget our late friend.

"So friend after friend departs; who has not lost a friend?" There is no union here of hearts, that finds not here an end."—Montgomery. EDGAR B. DEAVILLE, Dingley Dell, Feb. 21, 1923.

WEST COAST PATROL

To the Editor:—It is suggested that a patrol vessel be stationed on the West Coast in a blizzard this vessel would be helpless and could not put to sea. The wrecks on the West Coast are usually due to want of exact information as to the position of some vessel as to his position, resulting in grounding on some outlying reef. The only means of warning of imminent danger of use to a ship off her course in a blizzard is by sound. Possibly powerful whistling buoys, having distinctive sounds to facilitate identification, could be used to advantage at certain points, and they could be built here. Nothing should be done until the authorities obtain a report and advice from Capt. Gillam of the Maquinna, who knows more about the prevailing conditions on the West Coast than anyone.

H. E. NEAVE
1329 Liverpool Street, Esquimalt, B.C., February 21, 1923.

CENTENNIAL CHURCH—PASTORATE

To the Editor:—I have read with considerable surprise, news items which have recently appeared in the press, purporting to give details of certain official board meetings of the Centennial Methodist Church, with reference to the securing of a successor to the former minister, the late Rev. James L. Batty.

As the responsible official of this church, I feel it incumbent upon me to state that the articles in question are not only unauthorized but also in the main inaccurate statements on this matter.

Inasmuch as wrong impressions may have been created by the items, I would say that at the proper time, probably in the course of a few days, a correct and authoritative statement will be made.

CLARENCE B. DEAVILLE
Recording Steward, Centennial Methodist Church, Victoria, B.C., February 23, 1923.

A REAL PROBLEM.

To the Editor:—My attention was drawn this evening to a letter in your "Other People's Views" column entitled "A Real Problem" and dwelling in a most graphic manner upon the disadvantages entailed in opening the morning milk bottle. Your correspondent, Mr. Mill Coe, refers to "A blob of cream, as big as an onion" flying out upon removing the cap.

I should feel more than obliged if Mr. Mill Coe will forward me the name of his dairy. Blosbs of cream "as big as onions" are worth collecting these days.

In return for this favor I wish to inform Mr. Mill Coe that other readers of your paper that the disadvantages he writes about so feelingly will shortly be a thing of the past, as there will be placed upon the Victoria market in a very short time a new cap for milk bottles that entirely eliminates the horrors he describes.

The manufacture of this cap is one of Victoria's latest industrial "booms" and any of your readers wishing to see the latest sanitary device for keeping milk clean are invited to call at the factory, 1025 Cook Street, American Bottle Cap Co., of Canada, Limited.

ARTHUR P. BURDETT,
Vice-President,
1025 Cook Street, Victoria, B.C.,
February 22, 1923.

LONG DISTANCE RADIO.

To the Editor:—We regret to see in your editorial columns that H. P. Johnson, a long distance listener, takes exception to part of an article recently published under our names. The question concerning the cause of long distance radio reception (in this case mainly KPO of San Francisco) on crystal receiving sets. A few days before this article appeared in print we were having a friendly conversation with a certain well-known radio expert, himself a broadcast listener in his spare moments. This gentleman has had over ten years of practical experience in all branches of radiotelegraphy and telephony. The conversation turned to the unusually good work being done by Mr. Johnson and also by a local amateur. In both cases KPO of San Francisco was and still is heard fairly regularly on crystal, stettering at the moment to the amateur the expert said, "is not hearing KPO on crystal—he is hearing KPO regenerated from some valve receiver." A warm discussion followed. We were forced finally to bow to

his superior knowledge in view of his longer experience, ten years, as compared with our three years, which were mostly in the field of radiotelegraphy, particularly spark transmission, accordingly in the article we offered his opinions, and not our own, on regeneration.

"A certain well-known local radio expert, who has been a brass pounder over ten years, contends that . . . etc. He states . . ."

Whether his view or ours is correct is still a matter for speculation and experiment. While discussing this point we may say it was Major Armstrong, not Wessling who perfected the super-regenerative circuit.

Regarding the weather conditions, Mr. Johnson has accomplished his long distance work during the winter months. The favorable effect of winter weather is a well recognized and undisputed factor in long distance reception. We hope that this will enlighten the public regarding the controversy.

OBJECTS TO "FRILLS"

To the Editor:—In your issue of the 22nd instant, I notice a plea put forth by Mrs. Spofford at the meeting of the Local Council of Women, in favor of the manual training and domestic science. I, for my part, think these "frills" could be very well dispensed with, for I have never met a girl who has attended the Domestic Science classes who could cook a poor man's dinner. They may be able to make a layer cake or such like, but anything practical, no, and from what I can learn there is more wasted in these classes than would feed quite a number of families.

The singing and drill—more "frills"—we can do easily without, at least at a time when rigid economy is necessary. Let us hear what mothers think of it. They surely know if their sons or daughters are any better for having these expensive "frills." I say in nine cases out of ten the answer will be "No."

I speak from experience, having both sons and daughters who are being educated at the public schools, "as big as onions" are worth collecting these days.

Mr. P. R. Brown's resolutions are put into effect—the sooner the better.

Give us a plain, practical education for our children. This is all we ask. At present it is neither one thing or another.

Let me say in conclusion, it seems wonderful what old maids and childless married women know as to the requirements of a mother and their up bringing. "A MOTHER."

THE WEATHER
Daily Bulletin Published by the Victoria Meteorological Department.

Victoria, Feb. 23.—5 a. m.—The barometer is low on the Northern Coast accompanied by a variable southerly fair mild weather is general. Zero temperatures continue over the prairies.

MIGHT MISS A MEAL

A Lancashire pitman known as Old George was said to have the biggest appetite in his village. In fact, this uncommon twist of his had been the subject of many bets and wagers, and he had acquired himself well in every contest.

One night, in the village inn, George was backed to eat a whole goose, with appropriate trimmings, at a sitting. It was agreed that the feat should take place on the premises.

The next evening excitement ran high. Old George's backers and opponents watched with growing won-

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer-Manufacture of Mono-acetic-acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

TWENTY-FIVE YEARS AGO TO-DAY

—Victoria Daily Times, February 23, 1898.

Ottawa.—The biggest storm of the season is still raging here. Trains are still blocked, and business in the city is largely kept back by the snow.

New York.—The situation in Havana is more grave than it was a week ago. Although the officers of the naval board of inquiry preserve an impenetrable reserve, it is learned that some of the best naval experts now believe the explosion to have been the result of treachery.

Many estimates were presented at last night's meeting of the City Council. The estimate of cost of retaining wall at Ross Bay was given at \$6.20 per lineal foot. Many other estimates were also sent in.

der as he steadily ate his way through the goose. When the feast was accomplished, the champion was escorted home in triumph by his jubilant backers.

Just before reaching his cottage, he stopped and addressed his friends: "Now, lads, I hope as none of you will tell 'emissus about yon goose, or happen she won't gie me any supper."

A NARROW SQUEAK.

A man in a trap was run down at a level crossing, and the old signal-

man in charge had to appear in court.

After a gruelling cross-examination he was still unshaken. He said he had waved his lantern frantically, but in vain.

The following day the superintendent of the line called him into his office.

"You did wonderfully well yesterday, Tom," he said. "I was afraid at first that you might waver."

"No, sir," replied Tom, "but I was afraid that old lawyer was going to ask me whether my lantern was lit!"

ROYAL VICTORIA

When one reads this title and thinks of the famous little star in the title role of the First National picture at the Royal Victoria Theatre, nothing but the thought of a fun fest, but with all of its laughter and joy, in it Jackie does not forget his dramatic talent.

There is a courtroom scene in which twelve "types" were selected for jurors, when his director gave the cue to stop, many of the jurors' eyes were filled with tears.

Jackie Coogan does not have to be "coaxed" to cry. He can stand on the stage in the midst of any surroundings and bring big bitter tears to his little blue eyes at a moment's notice. No fiction of "trouble" is needed during the production. Carpenters can be hammering and sawing away at top speed ten feet from where the camera is clicking on little chap, and the noise has no effect on his emotions.

An extraordinary exhibition of courage on the day following the attack of Joe Martin, famous ape, on Edward Connelly, a fellow player. With curly stecker, the beast's trainer, fifty feet away, beyond any possible hope of reaching her in time if Joe attempted to harm her, she descended into a deep stair pit with the animal alone, with no muzzle, chain or means of protection should she attack her. Stecker, the trainer, declares that her absolute lack of fear is her greatest protection. Fear in a human being seems to produce a sort of exudation which the keener senses of an animal perceive and react to.

THE GREATEST FIRE

By Thos. R. Murphy, Chief of the Fire Department, San Francisco, Cal.

While it was not the greatest in fire area, yet from a spectacular and thrilling viewpoint, I consider that the Baldwin Hotel fire, which occurred in November 2, 1918, was one of the most notable that has occurred during my service in the San Francisco Fire Department, always excepting, however, the great conflagration of April 18, 1906, which was quite a different type of fire.

The Baldwin Hotel and Academy of Music theatre building was situated on Market, Powell and Ellis streets, and was a six-story, brick and wood building that covered fully two-thirds of the area space of the entire block bounded by the above named streets. The fire was discovered about 2.30 o'clock a.m. and after it had burned through the roof over the theatre portion of the building, and in a short time almost the entire hotel was in flames. Four alarms were sent out, which brought the entire service apparatus of the department, which consisted of steam pumping engines, hook-and-ladder trucks, chemical engines, water tower and motor batteries.

There were many thrilling and hazardous rescues of hotel guests from the windows and balconies of the building. The entire service apparatus of the department, which consisted of steam pumping engines, hook-and-ladder trucks, chemical engines, water tower and motor batteries.

It was supposed to have been caused by combustible material in and about the rear of the theatre stage.

The estimated loss was \$1,000,000, and several lives were lost.

This disaster was one of the most serious as an extremely dangerous fire hazard.

CHAPLIN TO STAR IN ROLE

IN "THE PILGRIM"

Charles Chaplin loses no time from the very beginning of his latest four-reel, "The Pilgrim," which will be shown at the Royal Victoria Theatre next week, to get involved in complications that increase with alarming rapidity with every effort to extricate himself. In the first place, without any money, he is thrown into the "open streets." He might have been anything but a pilgrim, but it happens when he changes his prison clothes for more suitable attire, the latter in the form of a clergyman, called upon to deliver a sermon from the pulpit of a church. The entire story is told backward and forward, Chaplin selects the story of David and Goliath, and the comedy comes from the fact that the greatest scenes we have been fortunate enough to witness.

"MERRY WIDOW" COMES BACK AS BRIGHT AS EVER

Capacity House Greets Gorgeous Production of Grand Old Piece

The Merry Widow, just as fascinating as she was fifteen years ago, waited into Victoria last night to be greeted by an enthusiastic audience, which crowded the Royal Victoria Theatre to capacity and demanded more and more of the grand old musical comedy. Supported by haunting music, which has lasted nearly two decades already, spectacular dances, a beautiful chorus and perfect staging, the ever-continually had no trouble in convincing all who saw her that the years only add to her charm.

The production was perfect in every respect and the cast was well worthy of the roles that have delighted nearly every country in the world. Marie Wells, in the title role, made the Widow a beautiful creature whose dances and songs left every male heart a-flutter. Singing songs of rich stuff set off her beauty and figure to perfection. Yes, Lady, as Prince Danilo, put far more into his part than one expects in a musical comedy and showed himself also to be a talented dancer. Eva Weber as Natalie and Warren Proctor as the Jolden scored a great hit with their

TOWN OF COBALT HAS NO MAYOR

Election Declared Void; Pipe, Who Headed Poll, Not a Resident

Cobalt, Ont., Feb. 22.—In a judgment handed down yesterday Judge Hayward ruled that the election held in New Canada Day, when Taylor Pipe was elected Mayor of Cobalt, is null and void and Cobalt is at present without a chief magistrate.

It was argued that Mr. Pipe was not a resident of the town, his home being in Haliburton.

ONTARIO PREMIER DEFENDS COURSE OF HON. T. A. CRERAR

Toronto, Feb. 22.—In the Ontario Legislature last night J. A. Crerar, Conservative, Southern Ontario, attacked Hon. T. A. Crerar, former leader of the Federal Progressive Party, on the score of "wheat gambling."

During discussion on the second reading of Hon. Manning Doherty's amendment to the Agricultural Development Act, Mr. Crerar said Mr. Crerar was a wheat gambler who had "cornered wheat on the New York market to the extent of \$50,000." His speculation in wheat had made it impossible for him to continue as leader of the Progressive, said the speaker.

Premier Drury denied both charges. Mr. Crerar, said the Pro-

SOCIAL TO-NIGHT

Conservatives of Ward One will give an invitation social, dance and supper this evening in the Rooms, Campbell Building. All Conservatives resident in Ward One are offered a most cordial invitation to be present, there being no charges whatever. A most attractive programme has been arranged, the singers and instrumentalists being well known enter-

tainers of this city. The concert will commence at 8 p.m. and the dancing at 9. Mr. Pinder is arranging the music and among the dances quadrilles and lancers are arranged. Supper will be served at 11. Those attending will be assured of good singing, good music, a splendid floor, and a very pleasant evening.

Special for Dollar—Boys' all wool jerseys, \$1.00; 4 pairs heavy cotton hose for school, \$1.00; boys' cover-all suits \$1.00. Seabrook Young, 1421 Douglas St.

Some interesting facts concerning the industries of British Columbia were related by Major D. B. Martyn, Deputy Minister of Industries, to the Local Council of Women yesterday afternoon.

In the encouragement of these industries would be found the logical remedy for the unemployment which was an ever-recurring winter problem here, the Mayor said. The seasonal nature of the primary industries of lumber, fishing, agriculture and so forth threw out of employment considerable numbers of workers at the worst time of the year. The creation here of new industries had engaged the closest attention of the government. Department of industry and of 57 introduced 90 per cent were still operating and promised good results. In 1918 there were seventeen thousand industries, and at the present time there were in existence twenty-five thousand, employing sixty thousand workers with a payroll of a hundred million dollars. A good home market must, however, be assured, emphasized the speaker, before manufactures could flourish. Only 6 per cent of the shoes worn in B. C. were manufactured in the Province and out of the Dominion's total of one million dollars not a cent was made in B. C. Yet the silk for this latter industry came through B. C. ports from the Orient, and was sent to the East to be made up. Likewise with all the agricultural products, and fine livestock, all the canned soups in use came from the U. S. A. It must be remembered that to per cent of the purchasing power was in the hands of women and to them mainly must the country look to encourage all new ventures, which once placed on a profitable basis, would finally and satisfactorily replace charity and relief work.

Quality of Materials.

In the lively discussion which followed Mrs. William Grant declared that if B. C. products were good they would certainly be supported, but housewives could not be expected to buy inferior goods if better ones could be had for the same price.

Mrs. V. S. MacLachlan pointed out that the B. C. Products Bureau advised in cases of dissatisfaction complaint should first be made to the manufacturer, then if still necessary the 'Bureau' should be consulted with all information being treated confidentially.

After a short interval for tea the resolution on Standing Committees was brought up for consideration.

Natural Resources.

Mrs. R. B. McKicking's report on the Conservation of Natural Resources brought a refreshing note of humor into the proceedings, all the more welcome after the strenuous programme that had gone before, as she related in her inimitable way that outside equator the deer, her department ranged over a multiplicity of subjects including even the number of owls' nests there might be in the 'Twilight Zone'.

This 'Twilight Zone' had been totally unable to supply, notwithstanding the fact that she worked for a period of twenty-eight years on this committee.

S. P. C. A.

Among the reports given by affiliated societies was an encouraging account of the year's work done by the S. P. C. A., presented by Mrs. Crane. She drew attention to the fact that preparations were already going ahead for the holding of Animal Week, which was held throughout Canada during the first week in May.

It was only during the last hundred years that humanitarian education had been recognized at all, but the public conscience was now thoroughly awakened to its duties in this respect, and the instilling of humane sympathies in the rising generation was one of its most important efforts.

It was difficult for those outside the work to realize that many cases brought to light by the Society were cases of deliberate cruelty. Yet much good educational work had been done, and wide interest awakened in the various activities of the movement. Wild beast shows which occasioned much unnecessary suffering had been almost entirely suppressed in this country, and the censorship of films in which animals were represented had also done effective work. The laying down of poison for animals

was being sternly combatted, and this act of wanton cruelty now met with severe penalty in the courts. The desertion of domestic animals by families leaving the district was repressed by the speaker, who said homes could almost always be found for these animals by the Society, while for old and decrepit pets the pound provided a merciful alternative. The need of rough side-tracks for horse traffic on the side of the smoothly finished motor roads was now keenly recognized, and should be strongly urged on the Good Roads Committee, especially where hilly country was in question. The provision of sand-troughs on bad hills was also advocated. As a delegate for the Anti-Vivisection Society, Mrs. Crane also reported in connection with the petition supporting the Anti-Vivisection Bill, which is expected to come before the House next session.

The work of the Social Service Committee which culminated in the engagement of Miss Edith Snyder, and the opening of an office in the Arcade Building, was told in detail by Mrs. J. D. Hallam. Some thirty applicants had been under consideration, and the committee felt that through their investigations they had gained a valuable insight into the work being done in other parts of the country. In addition to the committee-room provided by the kindness of Mr. Spencer, a Girls' Club had been opened on Stanley Avenue, this being the only outlay entailed by the committee. Mrs. Hallam referred feelingly to the death of Rev. J. J. Barry, who had given so generously of his sympathies and substance up to the very day of his death, and whose loss was keenly felt in all ranks of the movement.

Miss Snyder, who was introduced to the meeting at this juncture, asked all who were interested in Social Service to call on page 12.

Value of Girls' Club Told to Local Council

To the Local Council of Women yesterday afternoon the story of the Girls' Club was told by Miss Crease, who referred to it whimsically as the 'Second child of the Local Council, the first child of the Council being the Friendly Help'.

The new venture originated with the standing committee on equal moral standards. Cases arose of girls broken down in health and a desperate state of nervous tension owing to strained finances, or girls who, through early lack of restraint or their own folly, were in dire need of sympathetic help. To meet this need the Girls' Club had been provided. A home had been taken and furnished, and was being run on the lines of a real home, where their daily wants could be provided for them until they were on their feet, their own battle once again. No idea of repayment was allowed to interfere with the completeness of the cure, until a girl having regained her strength and independence honesty alone would prompt recognition of the help rendered and a desire to reciprocate by helping the Club's finances.

The speaker paid a glowing tribute to Miss Robertson, the club matron, whose warm sympathy and friendly interest in the girls had created such a home atmosphere. 'Mothering' which she extended even to the extent of a wise interest in the girls' love affairs, was an incalculable factor for good, and the venture had already proved most valuable.

Although depending entirely on voluntary contributions the Club had managed to keep out of debt, and in their greatest difficulties help had always been forthcoming.

YOUR HOME AND YOU

By HELEN KENDALL

A Home-Made Warming Closet

One of the disadvantages of the little two or three-burner gas stoves (or even larger ones) that have no hood overhead is the lack of a warming closet, for keeping food, hot or warming the dishes for a meal.

In the accompanying sketch is shown a home-made device which answers the purpose of such a warming closet, and is quite decorative besides. Except that the built-in hood is not quite high enough above the stove, the artist has shown it very faithfully. It should be high enough above the stove so that large kettles, pots, and large double-boilers will have plenty of room, and so that dishes put on the wire shelf will not become too hot.

This warming cupboard is made of one plain wooden shelf supported by two uprights, and two decorative wooden cleats nailed to the inside of the end pieces, there rests a shelf of very heavy woven wire, secured all around the edge by a piece of heavy nickel tubing, to which the wire is fastened.

The whole closet should be a little longer than the stove, not only to afford more shelf space, but to be sure

the flame from the burners does not reach the wood. The wooden top shelf is too far away to be in danger. This top shelf will be utilized to hold the tea pot and coffee percolator, a serving tray, or other kitchen furnishings. It is hardly warm enough to be used for heating purposes. The inside of the cupboard, however, retains and conserves the heat from the stove, and foods and dishes placed on the wire shelf will keep piping hot, even without being enclosed by doors or a sliding lid.

In the cupboard shown, the wire rack is arranged so that it will line the front edge and turn back against the wall, leaving the space free for the use of a wash boiler, a large preserving kettle or other high utensils.

IN WOMAN'S DOMAIN

RICH WEALTH OF B. C. INDUSTRIES IS TOLD TO LOCAL COUNCIL OF WOMEN

Some interesting facts concerning the industries of British Columbia were related by Major D. B. Martyn, Deputy Minister of Industries, to the Local Council of Women yesterday afternoon. In the encouragement of these industries would be found the logical remedy for the unemployment which was an ever-recurring winter problem here, the Mayor said. The seasonal nature of the primary industries of lumber, fishing, agriculture and so forth threw out of employment considerable numbers of workers at the worst time of the year. The creation here of new industries had engaged the closest attention of the government. Department of industry and of 57 introduced 90 per cent were still operating and promised good results. In 1918 there were seventeen thousand industries, and at the present time there were in existence twenty-five thousand, employing sixty thousand workers with a payroll of a hundred million dollars. It should be high enough above the stove so that large kettles, pots, and large double-boilers will have plenty of room, and so that dishes put on the wire shelf will not become too hot.

This warming cupboard is made of one plain wooden shelf supported by two uprights, and two decorative wooden cleats nailed to the inside of the end pieces, there rests a shelf of very heavy woven wire, secured all around the edge by a piece of heavy nickel tubing, to which the wire is fastened.

The whole closet should be a little longer than the stove, not only to afford more shelf space, but to be sure

the flame from the burners does not reach the wood. The wooden top shelf is too far away to be in danger. This top shelf will be utilized to hold the tea pot and coffee percolator, a serving tray, or other kitchen furnishings. It is hardly warm enough to be used for heating purposes. The inside of the cupboard, however, retains and conserves the heat from the stove, and foods and dishes placed on the wire shelf will keep piping hot, even without being enclosed by doors or a sliding lid.

In the cupboard shown, the wire rack is arranged so that it will line the front edge and turn back against the wall, leaving the space free for the use of a wash boiler, a large preserving kettle or other high utensils.

Social & Personal

Hon. William Sloan left yesterday afternoon for his home in Nanaimo.

Dr. W. Barrett, Port Street, has returned to Victoria from a short business trip to Vancouver.

Mrs. E. Henderson, of Vancouver, is visiting in Victoria, and is the guest of her sister, Mrs. T. Ross.

A party of managers of the T. Eaton Company (Western section) is expected in Victoria about March 4.

Mr. and Mrs. R. H. MacMichael, of Seattle, are registered at the Empress Hotel.

Mrs. Fred Revely, of Vancouver, is spending a few days with her sister, Mrs. J. M. Lind, of Glasgow Avenue.

Mr. and Mrs. M. E. Gray, of Swift Current, are registered at the Empress Hotel.

Mr. and Mrs. H. W. Brodie, of Vancouver, will be among the passengers on the Makura when she leaves for Australia and New Zealand to-day.

Mrs. C. J. John and Miss Edith John, of New Westminster, are spending a short holiday in Victoria as the guests of friends.

After an extended visit with her mother, Mrs. Sinclair, of Albany Road, Mrs. L. E. Jacobs, has left for her home in Montreal, and en route will visit in Vancouver, Calgary, Winnipeg and St. Paul.

Miss Agnes Stuart Robertson left last night on the 'Empress of Asia' for Shanghai, where she will stay for a year and a half with her sister, Marjorie. A crowd of friends was down at the wharf to see her off. Members of the head office staff of the Bank of Montreal here, presented Miss Robertson with a purse and gold pieces as she left.

The dance committee of the Parent-Teachers Association of Esquimalt wish to thank all members and friends who so kindly gave cakes and refreshments on the occasion of the dance on Friday evening last, also Mr. O. Lloyd for milk and Scott's Grocery for a gift of sugar.

Mrs. D. L. MacLaurin, of Belmont Avenue, was hostess at the tea hour yesterday afternoon when her invited guests included Mrs. J. D. MacLean, Mrs. S. J. Willis, Mrs. Earl Clarke, Mrs. Carrier, Mrs. B. S. Freeman, Mrs. C. W. Bradshaw, Mrs. Gunning, Mrs. Denton, Mrs. Farr, Mrs. Armstrong and Mrs. W. Brown.

Mr. Chris Spencer, head of David Spencer Ltd., who arrived in Victoria yesterday, gives an encouraging report of business conditions. Mr. Spencer came over from the Mainland to bid bon voyage to Mr. David S. Spencer and Mr. Dean A. Spencer, who left last night on the 'Empress of Asia' to make a tour round the world. Mr. Spencer will return to Vancouver on to-night's boat having transacted considerable business during his short visit.

An enjoyable social hour was spent on Thursday afternoon by the Ladies' Aid and mothers of the Hollywood Presbyterian Sunday School children, in the hall, Mrs. Macrae, of the foreign mission field, gave a short address, which was much appreciated. The work and financial position of the Sunday School was ably and clearly explained by Mrs. Naismith, president of the Ladies Aid. Afternoon tea was daintily served, and the ladies hope to hold a meeting of a similar nature next quarter.

The Valentine dance arranged under the auspices of the Victoria West Brotherhood, which was postponed from St. Valentine's Day owing to the caprices of the weather, took place last night at Temple's Hall and proved an unequalled success. Considerable interest was evinced in the novelty card dance and in the ballroom dance, the latter event being the nature of a contest with Miss F. Haefenratz and Miss S. Pasmore as first and second prize winners. Mr. Chris Wade's orchestra provided an excellent programme of music, and later in the evening a delicious sit-down supper was served. Pussycat and kaffodils and kiewpie favors carried out an appropriate decorative scheme. The merry party dispersed at midnight after a thoroughly enjoyable evening, much credit being due for the excellent arrangements to Mr. and Mrs. J. Mercer, Mrs. Geo. Cessford and Mrs. Scafe, who formed the committee in charge.

A successful silver tea was held on Wednesday afternoon under the auspices of the Daughters of St. George at the home of Mrs. Harding, 208 Chester Street. There was an excellent attendance. Mrs. Dumbelton was prize winner in the guessing contest, and Mrs. Harris successfully contested the bean count. A delicious tea was served, the tables being gay with nodding daffodils, while a programme of music, and some clever fortune-telling by Mrs. Mossop rounded out an enjoyable afternoon. Plans were discussed for the sale of work which will be held at an early date, and announcement of which will be made later.

Mrs. Jack Rithet entertained at 'bridge' this afternoon at her home on Rockland Avenue. Carnations and daffodils were effectively arranged in the various rooms. Among the guests were Mrs. Chator Payne, Mrs. Russell Ker, Mrs. Lennox, Mrs. Bechler, Mrs. Reid, Mrs. Herbert Wilson, Mrs. Goulding Wilson, Mrs. Ernest Todd, Mrs. Duguid Gilroy, Mrs. Ray Castle, Mrs. A. R. Green, Mrs. Douglas Hunter, Mrs. Billings, the Misses Mabel Eberts, Innes Bodwell, Tinkles Jones, 'Tottie Day, Percy McBride, Gladys Peters, Miss Pooley and Miss Adair.

AN INGENIOUS RETORT

Donlan was a splendidly built fellow, but, to the vicar's great regret, he was partial—distinctly partial—to strong drinks.

The vicar met him one morning and decided to try once more to get the big fellow to reform.

"I wish, Jim," the vicar remarked, "that I could persuade you to drink nothing but water for six months."

"Water, sir?" was the startled exclamation of the reprobate. "I daren't touch it, sir! The doctor told me I have got an iron constitution and I am afraid to touch water for fear of rusting it."

ORANGE ORDER

ENDS CONVENTION

Resolutions Are Adopted Respecting Several Topics of Interest

Proceedings Close With a Banquet Tendered to Visiting Delegates

The annual convention of the Loyal Orange Association of British Columbia was brought to a fitting termination last night with a banquet in the auditorium of the Chamber of Commerce, tendered the visitors by the local branches of the organization. There were 320 present, and the chair was occupied by Bro. Leonard Tait, P. G. M. A number of the visiting members took the night boat for home, but many others remained over until to-day.

Bro. Tait made a vigorous address on the principles of the Orange Order, and made an especial appeal for support at this time to the loyalists of the South of Ireland who, he declared, have received treatment that can only be described as barbarous, but had shown the greatest self-restraint and extreme provocation. The Orange Order had made great progress in British Columbia during the past year, but he asked the members to see that the spirit of union was preserved among them. Only thus could they be strong and carry out the purposes for which they had been formed.

The toast to The City was proposed by Bro. J. J. Tait and responded to by Alderman Woodward. In the absence of Mayor Hayward, "The Mayor," said Alderman Woodward, "is a nice fellow personally, but he is the last man I want to meet in the way of business." The joke came pretty near missing fire among the visitors, and the alderman had to explain the Mayor is by occupation secretary of an undertaking company.

The R. W. Provincial Grand Lodge of the L. O. A. was proposed by R. W. Sister Doane and responded to by M. W. Bro. Rankin. The R. W. P. G. Lodge of the L. O. B. A. of B. C. was proposed by the L. D. G. M. of the L. O. A. Bro. Hobbs and responded to by Sister Johnnie B. W. G. M. of the L. O. B. A. Bro. Ashe, P. M. proposed the R. W. G. B. Chapter of B. C. to which H. J. Thrift, G. B. P. responded.

During the evening, songs were contributed by Mrs. W. Todd, Miss Mair and J. McCall.

Some Grand Officers. The Provincial Grand Lodge, L. O. A. at its sessions yesterday afternoon, completed the election of officers as follows: Grand Director of Ceremonies, Andrew E. Harron, North Vancouver; Grand Lecturer, A. J. Williams, Vancouver.

Deputy Grand Lecturer, S. R. Gibson, Princeton.

Deputy Grand Secretary, W. L. Dence, Vancouver.

Deputy Grand Chaplains of Grand Lodge of B. A., Rev. J. Hobden and Rev. Dr. Frank.

Deputy Grand Lecturer of Grand Lodge of B. A., S. Carson, Kamloops.

Representative on the legislative committee of the Grand Lodge of B. A., J. E. Carpenter.

Delegates to the Triennial Council of the World to meet in Winnipeg in July, W. T. Jago, H. H. Avery, Rev. R. J. MacIntyre, A. E. Harren and H. T. Thrift.

Deputy Grand Chaplains of British Columbia, Rev. R. J. MacIntyre, Rev. A. D. Archibald, Rev. Lancaster and Rev. H. E. Livingston.

Resolutions. A number of special resolutions were adopted as follows:

Approving of the exchange of teachers between Canada, Great Britain and the other parts of the Empire. This will be forwarded to Hon. J. D. MacLean, and he will be strongly urged to see that the system is continued, as tending to unite the different parts of the Empire.

Condemning the illegal traffic in drugs. This resolution was adopted with the idea of strengthening the hands of the Attorney-General in the fight against this traffic.

Commending the Irish Relief Fund which is being gathered for the relief of Protestants in Ireland, especially those in the South of Ireland, who have been persecuted or driven from their homes. A committee was appointed to consider ways and means of helping the fund.

Declaring the Order views with increasing alarm the increasing number of private institutions, posing as charitable, which are making claims on public funds; and protesting emphatically against the grant of public funds to any institutions which are now open to public inspection, and under government supervision and control. A copy of this resolution will be forwarded to the Attorney-General and the Mayors of all cities in British Columbia.

Protesting strongly against the proposed sale of light wines and beers by the glass over the bar, and favoring legislation that will as far as possible bring about bone dry prohibition.

Favoring the proposed union of the various Protestant churches, as shown by the Lambeth appeal and the proposal for the immediate union of the Congregational, Methodist and Presbyterian churches in Canada.

Next Meeting Place. Vancouver was decided upon as the place for the next annual meeting. The date, the third Wednesday, is fixed by the constitution of the Order.

The ladies' organization did not succeed in quite finishing their business yesterday, and held a final meeting this morning for the purpose of dealing with a few odds and ends that had been left over. The officers elected yesterday by the L. O. B. A. are as follows:

R. W. G. M., Sister Johnstone, Kamloops; W. D. R. W. J. M., Sister Bradner, Vancouver; R. W. G. Recording Secretary, Sister Whitley, Vancouver; R. W. G. Treasurer, Sister Smith, Nanaimo; First Lecturer, Sister Lepais; Second Lecturer, Sister Johnston, Salmon Arm; D. of C., Sister McKenzie, Revelstoke; D. H., Recording Secretary, Sister Coleman, Victoria; P. R. W. P. G. M., Sister Tait, Vancouver; Auditors, Sisters Evans and Johnson, Vancouver.

LITTLE GIRL TAKES
LONG OCEAN TRIP

One of the extra duties of Purser Jack Mori, of the Canadian Pacific liner Empress of Asia, this voyage, will be the care of 8-year-old Annette Bradshaw who is crossing the Pacific to join her parents at Yokohama. Her parents are Adjutant and Mrs. J. Swanson, of the Salvation Army. Annette has been in school at Missoula, Mont.

She left here last night happy at the prospect of soon seeing her mother and father.

INSANE MAN LEAPED
OVER SHIP'S SIDE

Vancouver, Feb. 23.—Thrusting his arms aside, Jacob Johnson, committed to the New Westminster Insane Asylum, leapt from the rail of the C. P. R. steamer Princess Victoria at 6.09 o'clock Wednesday night and disappeared under the sea to be seen no more.

The ship was between the Sand Heads lightship and Point Grey and it was just dark. At the cry of "Man overboard," Captain Griffin ordered the engines reversed and the helm put hard over. A lifebuoy was thrown over the ship's side and an emergency lifeboat lowered. The man was seen for 15 seconds after he struck the water, but after a 20-minute search no trace of him was found.

Johnson was a logger from Cowichan and was being brought across the Gulf under escort to be placed in the asylum at New Westminster. According to John R. Smith, deputy constable of North Cowichan, and Constable B. Corley, who were in charge of the man, he had proved a model prisoner up to the time of the tragedy. It was not thought necessary to handcuff him and he had been seated in the after cabin with a constable on each side of him. Johnson signified his desire to roll back and accompanied by the two officers was pacing the promenade deck aft. Suddenly pushing the two policemen aside, he placed one hand on the rail and leapt lightly overboard without a word of warning. Passengers stood aghast as they saw the man take the plunge into the sea.

A certain old dame had three lodgers, and was troubled by them coming in very late at night. One day, after a particularly late homecoming, she addressed them angrily:—"You three are a fine pair. Last night you didn't come home till three o'clock this morning. I've warned you half-a-dozen times before, and I won't warn you twice. If you are going to stay here and carry on like that, you had better leave at once."

EMPRESS OF CANADA
GIVES HER POSITION

The Canadian Pacific liner Empress of Canada, at 8 o'clock last night, reported 1,724 miles from Victoria. She will dock here on Monday.

M.S. LOCH GOIL HERE
ON HER MAIDEN VOYAGE

Ship in Port To-day Is Latest Addition to Fleet of Diesel-engined Vessels Operated by Royal Mail Line Between Europe and This Coast

An interesting marine visitor to Victoria to-day is the new motorship Loch Goil, of the Royal Mail Steam Packet Company, which docked at the Rithet piers this morning, completing her maiden voyage from Europe.

The Loch Goil loaded cargo at Liverpool, London, Rotterdam and Antwerp and came out to this port via the Panama Canal, La Libertad, San Salvador, San Francisco and Seattle. Sister ship to the Loch Kaituma, which has been seen at this port several times since she was put into commission, the Loch Goil is a product of the Harland & Wolff yards at Govan, Scotland. The vessel was launched at Govan on August 24.

OF Latest Type

The Loch Goil is the latest type of ship propelled by internal combustion engines, and is classed 109 A1 at Lloyd's.

She has three complete decks, is fitted with pool-bridge-and-forecastle and has a gross tonnage of 2,000 tons. She is 562 feet long, 62 feet beam and 38.6 feet deep. The ship is fitted with eight watertight bulkheads, six cargo holds, one of which can be used as a deep-water ballast tank, while the double-bottom compartments and space between the funnels are fitted for the storage of fuel oil. The engine room is electrically driven. There are thirty-six cargo derricks equipped with lifting weights from three to seven tons in addition to two derricks which are capable of lifting forty tons.

The propelling machinery is most interesting, and large numbers of people, including those engaged in the engineering profession, are eager to be shown over the vessel, which is now being used as a floating museum. The propelling machinery consists of two eight-cylinder four-cycle diesel oil engines of the Harland & Wolff standard type, patterned after the Burmeister & Wain system. The engines develop 6,000 indicated horsepower, giving a sea speed of twelve and a half knots.

The Loch Goil is under the command of Captain G. F. Huff, who is on his first trip to British Columbia waters. Leaving London December 10, the motorship had a fine trip out, through the Panama Canal, San Pedro, San Francisco and Seattle. The vessel called at San Francisco, San Francisco and Seattle. A total of 1,100 tons of general cargo was discharged at Seattle, while 100 tons were unloaded for Victoria. Her holds contained general cargo and glass for this port.

To Mainland. At 2.30 o'clock this afternoon she proceeded to Vancouver, where she will discharge 1,000 tons of cargo, including a small consignment of liquor. While at the Terminal City she will load 2,000 tons of grain and a large cargo of apples and canned salmon for the United Kingdom. From there she will proceed to Astoria and Portland to load lumber. Some 1,000 tons of lumber will be taken on at Portland. Proceeding to San Francisco the Loch Goil will load and then move to San Pedro to take on more freight and is expected to leave here about March 10 for England via the Panama Canal.

The Loch Goil has passenger accommodation for twelve first class passengers. There is a spacious smoking room adjoining the library. In which there is a fine collection of books.

Purser F. J. Leggett announces that he has a football team that is awaiting a challenge from any British Columbia team.

ARABIA TO SAIL

The Arabia Maru will leave for the Orient at 5 o'clock to-night with a capacity cargo from Puget Sound ports. She arrives here from Seattle at 4 o'clock this afternoon.

CREW OF WRECKED
VESSEL NOW ON
SS. SANTA INEZ

When the steamer Santa Inez sailed from Everett this week for San Pedro she was manned by the deck and steward's crew of the steamer Santa Rita, now a battered wreck on the beach at Clooose, west coast of Vancouver Island.

REEF GAVE BUT
SHIP HELD FAST

Attempt to Float Motorship Coolcha This Morning Was Unsuccessful

The attempt made this morning to float the motorship Coolcha at Albert Head was unsuccessful, although a determined effort was engineered to release the ship from her rocky bed.

So great was the purchase on the steel hawser that a 20-ft. section of the top of the reef upon which a kedge anchor had been placed to give the required leverage, was torn away. It was a 14-inch steel hawser that was used in this case and it meant that either the ship or the rock would give way under the strain. The cap of the rock was dislodged and the vessel refloated, but the hawser was found to be too short.

Salvage officials are making an other survey to-day with a view to determining when the next attempt will be made.

Higher Tide Needed.

The tide was against the successful floating of the vessel this morning. To-day's high tide for Victoria, which will be 8 ft. 3 inches. There will be a gradual rise in up to Tuesday next, when there will be an 8 ft. 5 in. tide. After that there is a considerable drop. So the calculations are that the Coolcha will be floated between now and Tuesday. The damage has been patched over, and the holds have been pumped dry. With enough water the salvage company will be able to haul the ship off the rocks. The Coolcha is owned by the Pacific Freighters' Association, and is based at San Francisco to Nanosco to load lumber when she piled up off Albert Head in a snowstorm.

C.P.R. OFFICIALS
ARRANGE FERRY SLIP
AT BELLINGHAM

Capt. J. W. Troup, manager of the B. C. Coast Service, has returned from Bellingham after completing arrangements for the ferrying of the new automobile ferry, the American, to the Bellingham slip for the ferrying of the ship for the Central Avenue.

OCEAN AND COASTWISE SHIPPING

M.S. Loch Goil Here on Maiden Voyage

IMPORTER NOW
OFF FLATTERY

The freighter Canadian Importer was reported at 8 o'clock last night at 330 miles south of Cape Flattery, inbound from Cuba. The importer will go to Prince Rupert for overhaul.

SCHOONER FEARLESS
IS REPORTED SOLD

Vessel on Sound After Eventful Passage From Hawaiian Islands

Seattle, Feb. 23.—According to confirmed advice reaching Seattle, the schooner Fearless, which arrived at Winslow Tuesday, has been sold by the E. K. Wood Lumber Company to Captain W. Whitney, of Mobile, Ala., a prominent ship operator of the Gulf. The Fearless has been engaged for several years in carrying lumber from Puget Sound to the Hawaiian Islands and other off-shore ports for the Wood lumber interests.

The Fearless had an eventful trip from the Hawaiian Islands. When seventeen days out from Honolulu the vessel sighted Cape Flattery, but bad weather kept her from entering the straits. During the storm an overturned oil stove set fire to the ship's cabin. Capt. Louis Larson, master of the vessel, rushed into the cabin, picked up the blazing stove, ran to the deck and threw it overboard. He then rushed back into the cabin to rescue the ship's papers and was overcome by the smoke and fumes. The crew carried him to the deck and revived him by the cold. Captain Larson had his feet frosted, and First Mate Fred Johansen sustained frozen hands and arms during the voyage. The schooner carried nitrate from Iquique, Peru, to Honolulu.

The British steamship Great City, one of the tramp vessels operated in connection with the Ellerman Line services, is en route from Los Angeles to British Columbia ports. After discharging 2,500 tons of general cargo at Vancouver the vessel will shift to Seattle and Puget Sound ports to load lumber offerings.

Coming from the Orient after having discharged a few hundred tons of cargo at British Columbia ports, the freighter Edmore arrived here yesterday to discharge cargo. The Edmore was loaded with a full cargo of northwest products for distribution as far as Manila via all the regular Oriental ports of call.

SHIPPING NEWS AT
SAN FRANCISCO BAY

San Francisco, Feb. 23.—With every cabin occupied and staterooms filled to capacity, the Pacific Mail liner President Cleveland sailed yesterday afternoon for the Orient. Before she left the President Cleveland was completely reconditioned and refurnished under the direction of Benjamin D. Fender, head of the passenger equipment department of the United States Shipping Board, who has been commissioned to oversee the work of redecorating all of the trans-Pacific liners on the Pacific coast. He will leave in a few days for Seattle to superintend work on the Oriental Line steamer President Jackson.

When the steamer Siberia Maru sails from San Francisco for the Far East on March 1, it will be equipped with a portable altar for use on the high seas by passengers of Catholic faith. The Toyo Kisen Kaisha is said to be the first steamship company to install such altars. As other vessels of the line arrive in a large number of the ship will be furnished with similar equipment.

Two Oriental liners are due to make port here Saturday. The Pacific Mail liner President Pierce is scheduled to arrive first, followed by the T. K. K. liner Siberia Maru. The President Pierce is a large passenger and cargo ship, has but 52 cabin passengers, but has a large number of second and third cabin passengers and a heavy cargo.

ST. JOHN WANTS
PORT IMPROVED

Minister of Finance Hears Delegation From New Brunswick Port

Ottawa, Feb. 23.—Hon. W. S. Fielding, Minister of Finance, told a delegation from St. John yesterday that the Government would give its most emphatic consideration to requests made for the improvement of facilities at that port. In doing so, Mr. Fielding emphasized the fact that the financial situation in Canada at present is not good, and that the practice of economy is essential. Hon. W. E. Foster, former Premier of New Brunswick, emphasized the importance of protecting and developing the port of St. John from a national as well as a provincial point of view. He assumed that it was the policy of the Government to carry Canadian products over Canadian roads to Canadian ports.

Hon. P. J. Veniot, Premier of New Brunswick, said that the whole Province of New Brunswick was interested in the development of St. John. There was a feeling that something must be done to protect the works which had been constructed there, not only by the city, but also by the Government. Following the conference, both Premier Veniot and former Premier Foster expressed themselves as being very favorably impressed with the reception given to the delegation by the Government.

CONCLUDE HEARINGS
AT WINNIPEG ON
LAKE FREIGHTS

Winnipeg, Feb. 23.—(By Canadian Press)—The first phase of the investigation into the question of Lake freight rates on grain and an alleged combine of vessel owners was concluded here yesterday afternoon, after public hearings continuing for ten days.

Chairman S. J. McLean and his fellow-commissioners, Levi Thomson, of Qu'Appelle, and Gen. Tremblay, of Quebec, will go to Fort William for a hearing opening Monday morning, after which there will be a tour of inspection to March 12 at Montreal. Evidence which has been taken at Winnipeg has been principally from grain exporters and vessel brokers and H. J. Symington, K.C., counsel for the Commission, expressed the opinion that the existence of a combine had been shown. The evidence of steamship men will be received at Montreal and Toronto.

NEWS IN BRIEF

Professor Jones, of the University of B. C., gave an address to some thirty residents of Keating district on the subject, "Jersey Breed of Cattle" last night.

The Ward Two Saanich Ratepayers' Association, last night at Cloverdale School, passed a vote of condolence with the widow of the late Henry Dudge, who had acted as secretary of the Association prior to his departure for California, where he died recently.

Those interested are reminded that the lecture to be given by Dr. G. G. Sedgwick on the subject of "George Edward Shaw and the University" will take place on Wednesday evening next at 8.15, in the auditorium of the Chamber of Commerce. The lecture, which is under the auspices of the Victoria College, had to be postponed from its previous date owing to last week's inclement weather.

The residents of the Aged Men's Home were entertained with a delightful programme of songs and dances given by the Girls' Corner Club at last night. It was after the usual supper held in the Liberal Hall that some forty of the members journeyed out to the Aged Men's Home. They took refreshments with them, and this was served at the conclusion of the programme. Mr. McIntosh extended a hearty vote of thanks on behalf of the inmates.

Sun, an elderly Chinaman, charged with smoking opium, was convicted and fined \$25 and costs in City Police Court to-day. Inspector Sergeant Heatley and Sergeant Boulton made the arrest in Cabin 6, in rear of 533 Fiskard Street. The opium lamp was burning, the pipe hot, and opium was found on the premises. The police officer, Mr. R. Todd, charged with speeding, was fined \$10. Alexander Galuche, charged on remand with driving past a street car about to take on passengers was fined \$10.

In a most interesting lecture last evening, illustrated by lantern slides, Miss Holland entertained an audience at the Christ Church Cathedral with the architectural features and other interesting points about Rome. She conveyed her audience step by step through the various stages of the Eternal City's development and in closing she expressed the hope that every member of the gathering would some day make the journey to the Italian capital, and view the scenes themselves. A hearty vote of thanks was accorded Miss Holland and her assistant, Mr. Blankenbach, Dean Quinlan presided.

Seek Parking Amendments.—Amendments to the parking regulations of Saanich Municipality are sought by a recommendation of that Board of Police Commissioners to the Saanich Council. The Commission have decided that some control of motor car parking was necessary on holiday and other festivals in the district. Chief Brogan reported receipts for the month of January to be \$151.50; made up as follows: Dog licenses, \$117.50; pound fees, \$12; fines, \$22. Five cases were dealt with in the Saanich Police Court being three under the Motor Act; one case of theft; and one of cruelty to animals.

MAYOR RETURNS TO OFFICE DUTIES

Mayor Hayward unexpectedly turned up at the City Hall yesterday and stayed long enough to read his correspondence. The Mayor had not been expected to return until Monday on account of his recent indisposition. He expects to spend an hour or so at his office for the rest of this week before resuming his usual routine next week.

WEST COAST PROTECTION

The Native Sons of Canada at the meeting last evening, after discussing thoroughly the subject of better protection to the West Coast, referred the question to the resolutions committee to bring in a resolution on the subject. Nominations for the various posts took place, elections to follow later. A large class of members was initiated.

SPURIOUS BILLS HERE?

The Victoria Police are watching for the advent of some of the spurious money that is claimed to have been in circulation on the coast, made by the American authorities in the East. The bills are of \$20 denomination and are invariably on a bank in California. It is held that some of the money will find its way into circulation here by virtue of the export liquor trade to the other side of the line. The bootleggers, it is asserted, have been made "the goat" in southern waters and some may possibly seek to pay for Canadian whisky in the counterfeit money, it is considered possible.

OPIMUM CASE REMANDED.

Charged on remand before W. W. Northcott, J. P., in the City Police Court to-day Wong Chung Quong was further remanded, for hearing on February 28. The accused is charged with importing opium into Canada, without license. The accused was recently before Magistrate Jay in the same court when he was charged with possession of 192 tins of opium found in a trunk at the Outer Wharf. Magistrate Jay declined to take the hearing on the ground that he had heard the same facts before, and had ruled on them.

BOBBY McLEAN WINS TWO SKATING RACES

St. John, N. B.—Bobby McLean, New York, won the 440 and three-quarter-mile professional skating events here last night, with Edmund Lamy, Saranac Lake, and McGowan, St. Paul, third. The time for the 440 yards was 35.2-5; and for the three-quarter mile 1:59.2-5; and 15.31 1-5 for the five miles.

A Spring Tonic and Blood Purifier

Red Clover Compound will tone up the system and cleanse the blood of all impurities. A large bottle for \$1.25.

THREATS TO CHURCH PROPERTY DAMAGE

Anonymous Communication Affects Catholic Church Buildings

The series of fires which have visited Roman Catholic institutions throughout Canada and the United States, alleged to be incendiary in character, is spreading westward. A threat has been received here stating that the St. Andrew's Cathedral and the Bishop's Palace will be set on fire.

The communication was written on a postcard, the cancellation mark indicating it was placed in a Portland letter box. It was anonymous, a strict watch has been set over all church property here consequently.

New York Churches Guarded.

New York, Feb. 23.—A police guard has been posted at every Catholic church in New York City. The police department has issued orders upon orders issued by Chief Inspector Leahy.

The bishops, given their orders yesterday, were instructed to prevent persons carrying suspicious bundles from entering the churches and also to prevent the use of incendiary devices. Leahy refused to give any reason for the unusual action.

Monsignor Lavelle, Vicar-General of the diocese, said, the church authorities had not asked police protection, and he believed the action was spontaneous on the part of the police department.

The sexton of one downtown Catholic church said there had been a series of thefts of poor boxes and candle depositories in various Catholic churches, and that the guards had been posted in an effort to capture the marauders. He declared he knew of no threats to burn churches such as has been received in Canada, where more than a dozen Catholic edifices have been destroyed by fire and where, according to advice from Montreal, insurance rates on churches, schools and religious institutions have been ordered increased from 32 to 50 per cent.

There have been several fires recently in Catholic churches in Northern New York.

DISBANDED COMMITTEE

At Cloverdale School last night, the Ward Two, Saanich, Ratepayers' Association, expressed confidence in the manner in which the Saanich Council is handling the Lake Hill municipal bus venture, decided that an advisory committee of residents was unnecessary and formally disbanded the committee already functioning. Councillors Macneil and Kirkham, however, suggested that the buses are expected to be in service by March 1. The large attendance also asked for much information as to road work proposed for the coming summer.

CRUSADERS AS HOSTS

The Crusaders were hosts last night at an enjoyable dance in the Liberal-Conservative Headquarters in the Campbell Building, when Ray Kinlock's saxophone trio furnished a varied programme of dance numbers. Dancing commenced at nine o'clock, and continued until the early hours of the morning.

OBITUARY RECORD

The death occurred on Wednesday at the family residence, Tillicum Road, of Wong Wah-shi, sixteen-year-old daughter of Mr. and Mrs. Wong Luey. The funeral took place yesterday afternoon at 2.30 o'clock at the Sands Funeral Chapel. Interment was made in the Chinese Cemetery.

The death occurred last Wednesday at St. Joseph's Hospital of William Watson, aged 53 years, born in South Shields, County of Durham, England, and a resident of this city for the past twelve years, late residence 333 Simcoe Street. Deceased is survived by one sister, Mrs. Mary Irwin, of 2511 Blanshard Street. The funeral will take place on Saturday, February 24, at 2 o'clock from the Sands Funeral Chapel. Interment will be made at Ross Bay Cemetery.

The death took place yesterday at the family residence, 817 Vine Street, of Dorothy Alice Ralph, the one year and nine months old daughter of Mr. and Mrs. Theobald Ralph. The funeral will take place on Monday, February 26, at 2 o'clock, from the Sands Funeral Chapel. Interment will be made in the family plot at Ross Bay Cemetery.

The funeral took place this morning of the late Patrick Owens, the cortege leaving the city at 10 o'clock and proceeding to St. Andrew's Cathedral, where funeral Mass and service was conducted by Rev. Father Wood. Interment took place at Ross Bay Cemetery, where Rev. Father McLaughlin officiated. There remained a large attendance of friends bore tribute to the popularity of the late Mr. Owens, and the following acted as pallbearers: Capt. F. Moran, Messrs. P. Flannigan, W. McManus, F. O'Neill, F. Coleman and James Brown.

Announcement was made to-day at McCall's Funeral Chapel of the death of Mrs. M. Pearce at the residence of her son, Herbert Pearce, at Langford Lake. She was a native of Cornwall, England, having been born there 64 years ago. She came to Canada seven years ago and was the widow of the late Richard Pearce. She was the mother of Herbert and Edwin Pearce, and one daughter, Mrs. H. Kitt, of Montana.

On Thursday morning the death occurred of William Dunn, 23 Avenue. He was born in Campbelltown, Scotland, sixty-five years ago, and had resided in Victoria for the past thirty-five years. He was a member of Court Northern Light, No. 4, F. and Vancouver No. 4, A. O. U. F. There remain to mourn his loss two daughters, Mrs. Arthur Southall and Mrs. M. G. Smith; two sons, William Smith, Jr., and Andrew Smith, and two sisters, Mrs. William Smith, and Mrs. M. G. Smith. The funeral will take place on Monday at 2 o'clock from the Sands Funeral Chapel. Interment will be made in the family plot at Ross Bay Cemetery.

CREATES FAVORABLE IMPRESSION OF B.C.

Hon. John Oliver Is Much Appreciated by Audiences

During his visit to the East Hon. John Oliver created a strong impression on Eastern Canadians, and evidence shows he has been appreciated by all with whom he has come in contact.

The following quotations from letters received by J. B. H. Rickaby, of this city, indicate the esteem in which the Premier is held, and the impression he is giving the Eastern provinces as to British Columbia's resources and possibilities. "A letter from Hamilton says: 'We had the pleasure of hearing your Premier at the Canadian Club about two weeks ago and were very much impressed with his knowledge of the possibilities of British Columbia' during an address on the Pacific Great Eastern Railway." Letter from Montreal states: "I had the pleasure of listening to an hour's address by the Hon. John Oliver, at a dinner in Montreal. He displayed not only a fine oratorical style of your aged but apparently robust Premier."

START WORK ON NEW WATER PLAN

Greater Victoria Workers Hold First Meeting Since Recent Defeat

The Greater Victoria Committee executive yesterday afternoon held its first meeting since the recent defeat of its "intermunicipal" water scheme.

Preliminary plans for drafting a new water scheme to meet with the wishes of a majority of people in Victoria and surrounding municipalities were discussed yesterday but no action on the project was postponed. Alderman A. E. Todd, chairman of the committee, and Alderman David Leeming, secretary, are so busy as members of the city's Court of Revision just now that they are unable to give time to Greater Victoria matters or anything else.

"We shall hold another meeting in the near future, as soon as we get finished the work of the Court of Revision," said the chairman.

The Greater Victoria situation further, Alderman Todd said to-day.

DR. BROCK TALKS TO ENGINEERS HERE

Speaks of Palestine Campaign Relation to Geology

Professor R. W. Brock, of the University of British Columbia, addressed the members of the Victoria branch of the Engineering Institute of Canada last evening.

The lecture dealt primarily with the science of geology as utilized in the direction of war operations, strategic and tactical, and with particular reference to the Palestine campaign. The topography and scenery of the Holy Land, as it is known in the Bible, was illustrated with many views of extreme interest to all students of the Bible, the localities of ancient historical events being indicated, and the topographical and geological features of the country explained with reference to how they governed the war operations of both the ancients and the moderns.

The lecture was of particular interest to students of the late war in many of his remarks touching on the Kaiser's pre-war preparations in Palestine, carried out by the Turkish Government. It was also surprising to learn that the only useful geological map of Palestine in the possession of the British Government at the outset of the war was one prepared by the late Lord Kitchener when, as a young lieutenant, he was loaned to an expedition engaged in exploratory work in the Holy Land.

As many members of the Natural History Society of British Columbia were present in addition to the engineers, Professor Brock kindly altered his prepared lecture to place the varied tastes of his audience.

A vote of thanks was moved by F. C. Greene, M.P.I.C., seconded by F. G. Aldous, and was heartily concurred in by the audience.

OAK BAY POLICE.

A day in town and a refreshing draught of apple brandy and on the face of things a harmless enough programme, yet it ended disastrously enough for Tom James and August Jimmy, two Indians of Discovery Island, who were brought before Magistrate Jay this morning in the Oak Bay Police Court, and "10 or 5 days each" was the magisterial verdict.

Meanwhile Chief of Police Fry and Chief Symes of Oak Bay, have also visited the habitation of Low Pong, 1763 Government Street, and procured samples of the heady brew, which is supposed to have been the cause of all the trouble.

The Humphries Motor Co., Ltd., was fined \$5 in the Oak Bay Police Court this morning before Magistrate Jay for not having lights on a car when left standing on Sylvan Lane.

EARTHQUAKE RECORDED.

An earthquake of moderate intensity was recorded at the Gonzales Heights observatory, beginning at sixteen minutes and thirty-four seconds past ten o'clock last evening. The distance from Victoria was 1,020 miles, and the probable location Western Montana. The quake was recorded for two hours.

TO LECTURE TO-MORROW.

Under the auspices of the Alliance Francaise, a lecture on the "The Old City of Carcassonne and its Environs," some very fine lantern slides will illustrate the lecture, having been loaned by Mr. Huxtable for the occasion. Further information and tickets may be had from the secretary, telephone 232012.

SEEK JUSTICE FOR DISCHARGED CADETS

Problem of Young Men Released at Closing of Esquimalt Naval College

The Navy League of Canada, Victoria Branch, at its meeting yesterday decided to further pursue its efforts to secure a more equitable status of re-establishment for the Cadets discharged from the Naval College at Esquimalt.

A number of these lads had served an apprenticeship as naval officers of two or more years when the college was ordered closed. They now find themselves without the qualifications to act as ship's officers, and without the facilities for acquiring the necessary sea time. The Navy League has endeavored to secure berths for them as Cadets in the Fisheries Service and the Canadian Government Merchant Marine, but as there are no Cadet vacancies the best the Government has offered up to the present is preference as deck boys in their services to this enable them to get in the qualifying sea time necessary for a second mate's examination.

In the meantime the Navy League is further communicating with the proper departments with a view to obtaining full or reasonably proportionate sea service allowance for the time already served.

ORGANIZATION MOVES.

The local branch of the Grand Army of United Veterans, a returned soldiers' organization, is to-day moving from former quarters at 1203 Langley Street, to newly acquired premises at 1319 Government Street.

ELKS MERRY HOSTS.

Another successful dance of the series was held by the Victoria Lodge, No. 2, P. B. O. E. at the Weiler Building headquarters last night. Over 100 Elks and their friends were on hand to take part in the proceedings. A balloon hockey competition resulted in a rare fund of merriment that lent wings to time. Grand orchestra officiated at a dance programme that continued into the early hours of the morning.

Fans Look For Great Ice Battle To-night

Seattle and Vancouver Will Perform On Neutral Ice and Both Managers Are Sending Men Out With Instructions to Win; Positions In Play-Off Depend On Concluding Games; Both Teams At Full Strength and itching to go; Ralph Alcock in Comedy.

There is every reason to look for a thrilling battle at the Arena to-night after talking over things with Pete Muldoon, manager of the Seattle Mets, and Lloyd Cook, director of the destinies of the Vancouver Maroons. Both the big chiefs announce that they're "gonna win." When you get two big, powerful teams like Vancouver and Seattle fighting on neutral-ice you can't help but look for something out of the ordinary.

The race is so close that neither team can afford to lose. The majority of the fans will undoubtedly be rooting for Seattle, but there are many who throw their sympathies in with Vancouver.

It will be quite interesting to watch two outside teams in action. The game has been arranged so that the fans will not have to miss a game on Friday night due to the Cougars being away on their prairie clean-up.

Ready To Go Hard

The Maroons and Mets will both be at full strength. Lloyd Cook brought over his string of aces and Pete Muldoon has his hunsling primed to go the route at lightning speed. Roy Riekey, who has been on the injured list most of the season, will start on the bench, and if the big fellow is rushing right he will give Vancouver a handful of trouble. The game is arousing great interest in Victoria. The fans are excited as around the concluding games of the season hinges the fate of the Cougars in the play-off. The Cougars are playing in Edmonton to-night, and during the periods at to-night's game the fans will be kept posted as to the progress of the game. The final score should be through from Edmonton by about 9.30 o'clock.

Port Angeles Folk Here

Thirty-eight Port Angeles folks came across this morning to see the game. They heard that there was going to be a great struggle here to-night, and they caught the Sol Duc. They are going to pull for a Seattle victory. There has been a steady demand for tickets all day, and one of the biggest crowds that has watched a Coast League hockey fixture this season is expected to be on hand.

It will give the fans a chance to see how the Vancouver and Seattle teams stack up against one another. Their players have been given most of the places on the team's all-star team, and they also play much the same kind of hockey, resorting to three-man rushes to get goals. The defense both teams play close and the game should prove a little different to the variety usually served up when the Cougars are in action.

When the teams get away on neutral ice they usually tear into one another with a vengeance, but with Mickey on the job the boys will have to behave.

A Night at the Rink

An added feature to to-night will be the one-act comedy, "A Night at the Rink," featuring Ralph Alcock, Ab Lindsay and E. Daniels. The latter will be the heroine of the scene. The stunt will be pulled off between the first and second periods, and should raise a big scream.

The teams will line up as follows to-night:

| Position | Vancouver | Seattle |
|----------|-------------|----------|
| Goal | Lehman | McDonald |
| Defence | Duncan | McDonald |
| Defence | Cook (C.) | McDonald |
| Forward | Boucher | McDonald |
| Forward | Walker | McDonald |
| Forward | MacKay | McDonald |
| Forward | Foyson (C.) | McDonald |
| Sub | Skinner | McDonald |
| Sub | Fraser | McDonald |
| Sub | McCarthy | McDonald |
| Sub | Denney | McDonald |
| Sub | Morris | McDonald |

UPLANDS GOLF LINKS OPEN UP TO-MORROW

Secretary Freeman, of the Uplands Golf Club, announced today that fourteen holes would be ready for play to-morrow morning. Members of the club will be greatly interested to learn that they can once more perform on their links, which were rendered unplayable by the recent snow.

CHAMPION MUSHIER IS NOSED OUT OF DERBY WIN IN GAME FINISH

Ashton, Idaho, Feb. 23.—Tud Kent, champion of 1921 and 1922, failed to repeat in the Ashton Dog Derby yesterday, finishing in second behind Smokey, ridden by Henry's Lake, who sent the hounds across the line in a gruelling finish, completing the 35 miles course in two hours nine minutes and thirty-eight seconds.

HOCKEY CIRCLES IN QUEBEC STIRRED BY PRESIDENT'S ACTION

Montreal, Feb. 23.—S. C. Holland, president of the Quebec Amateur Hockey Association, has resigned his office as vice-president of the city league, the action being taken last night following the playing of Dave Campbell by the Nationals in a league game against St. Anne's after Mr. Holland had written league informing the city hockey league informing them that Campbell's card had been cancelled. President Holland has been forwarded to Judge Jackson, of Lethbridge, president of the A.A.U. of C. full partner of the Campbell case for his ruling.

Firpo Has His Eye on Jack's "Heavy" Crown

Argentine Heavyweight at New York to Prepare for Bout With Brennan

Rickard Says He Is Another Jim Jeffries; To Fight His Way Up Ladder

New York, Feb. 23.—Declaring confidence in his ability to fight his way to a match with Jack Dempsey, for the world's heavyweight championship, Luis Angel Firpo, giant South American pugilist, reached New York yesterday after a voyage of twenty-one days from Buenos Ayres.

Accompanied by his secretary, Alfredo Guerrieri, his sparring partner, Carlos Scaglia, a promising light heavyweight, and an interpreter, Firpo was welcomed by an enthusiastic delegation of his countrymen, headed by Ernest C. Perez, Argentine consul-general.

After a conference with Promoter Tex Rickard at Madison Square Garden, he announced he would begin active training to-day at the Garden gymnasium for his bout March 12 with Bill Brennan, of Chicago.

Will Prove His Right. "I know Brennan will give me the hardest fight I've ever had," Firpo declared. "But I am sure I can whip him. Mr. Rickard has promised me a match with Dempsey if I defeat Brennan, but I am willing to fight other contenders before meeting the champion. To-day I received a telegram from Jack Kearns, Dempsey's manager, saying he could not sign with me before six or eight months. That suits me perfectly. I will wait that much time to prove my right to challenge him."

Rickard declared he regarded Firpo as the most promising of the younger heavyweight contenders, and looked for him to emerge as a logical contender for the championship crown.

"If he defeats Brennan," continued the promoter, "I may match him with the winner of the Floyd Johnson-Willard contest, scheduled at the Yankee stadium on May 12."

Something Like Jeffries. Rickard asserted that Firpo resembled Jim Jeffries, former heavyweight champion, more closely than any other fighter he had ever seen. The South American weighs between 225 and 230 pounds now, and is close to six feet three inches tall. His normal fighting weight is about 220 pounds.

Jimmy DeForest, of Jersey City, who trained Jack Dempsey for the bout in which he won the heavyweight championship from Jess Willard at Toledo, and who also handled Firpo when the latter was in the United States last year, may take charge of the South American's conditioning again.

Harry Greb, American light heavyweight champion, was among the first to greet Firpo. The South American will be at the ringside in Madison Square Garden to-night, when Greb defends his title against Gene Tunney, former champion.

Will Get a Chance. Scaglia, a protege of Firpo's, is hailed as an especially promising light heavyweight, and may be matched by Rickard for a bout on the same card as the Brennan-Firpo contest.

ST. PATS AND TIGERS PLAY TO A 4-4 DRAW

Kitchener, Ont., Feb. 23.—St. Patrick's, of Toronto, and Tigers, of Hamilton, played to a 4-4 tie in their exhibition game last night for the Trusask benefit fund. It is expected that \$2,500 will be realized on the ticket and programme sale.

HALDERSON MAY NOT BE ABLE TO LAST GAME, WIRES LESTER

"SLIM"

"Slim" Halderston may not be able to last the distance in to-night's game with Edmonton, according to a "Lestergram" from Lester Patrick, manager of the Cougars, to the Sporting Editor of The Times this morning. "Slim" stopped a wicked shot in Saskatoon and had to leave the ice. The injury is still bothering him. Lester also says that the boys are beginning to get fed up with the snow and cold of the prairies. Here is to-day's "Lestergram."

"We arrived in Edmonton this morning after an all night train ride. All the boys are in good shape with the exception of Halderston, who is suffering from severe bruises on the legs. He will probably play in to-night's game but may not be able to go the whole route, in which case I will put Wilf Loughlin at right defence.

"The boys are all determined to fight to the limit. They are particularly pleased with the success obtained so far but the strain is beginning to tell. We have been very fortunate in regard to weather, the temperature keeping up well and not hitting the extreme cold spots.

"A huge crowd will witness the contest. Edmonton is very anxious to trim us and we all know that we will be in for a tough battle, but we will do our best to come through.

"Boys are beginning to tire of prairie charms."

FARMER PLANTS K.O.

Portland, Feb. 23.—Frank Farmer, Tacoma heavyweight, knocked out Bob Getz, of Akron, Ohio, in the seventh round of their scheduled ten-round bout here last night.

SACK RACE RECORD

New York, Feb. 23.—Robert Fitzgerald, Hudson Guild Association, set the sack race record of 16.3-10 seconds for the 110-yard sack race here. His time was 3.3-10 seconds faster than the former record.

Eight Games in 3rd Round of English Cup To-morrow

London, Feb. 23.—(Canadian Press Cable)—The English Football Association Cup enters its third round to-morrow when eight games are scheduled for decision.

Only seven of the first division teams have survived thus far as compared with six from the second division and three from the third division.

Considerable speculation surrounds the game between West Bromwich and Charlton Athletic, the spectacular performance of the latter having been a feature of the cup ties up to the present. Charlton is in the Third Division. The complete draw is:

Huddersfield vs. Bolton W. Liverpool vs. Sheffield U. Cardiff vs. Tottenham H. Charlton A. vs. West Bromwich A. Derby County vs. The Wednesday. Queens Park vs. South Shields. Bury vs. Southampton. Westham vs. Plymouth.

Edinburgh, Feb. 23.—Four games will decide the semi-finalists for the Scottish cup to-morrow. Only one second division team has been able to advance to the fourth round, Boness, which will try out its fortunes with Motherwell. The teams ranged against each other are:

Celtic vs. Raith Rovers. Third Lanark vs. Dundee. Hibernian vs. Aberdeen. Motherwell vs. Boness.

Finish of Mashie Shot; Weight Now on Left Foot

LESSON 13 By GENE SARAZEN World's Champion Golfer.

This photo shows the finish of the mashie stroke after the ball has struck very firmly. The follow-through can be brought up higher if you wish to hit the ball higher into the air. This picture shows the action of a rather low mashie pitch in which direction is the principal feature.

Notice how the hands are well out in front of the body. George Duncan, considered one of the greatest exponents of the mashie, plays most of his iron shots in this manner. His direction is remarkable. Finishing the stroke in this way will aid greatly in keeping the ball on the line.

CHAMPION SARAZEN HERE ILLUSTRATES HIS METHOD. FOLLOW THROUGH ON THE MASHIE SHOT. THE LEFT ARM IS HELD IN STRAIGHT LINE WITH THE CLUB THROUGHOUT THE SWING.

Bays, in Quest Of Rugby Cup, Tackle V.I.A.A.

Important Rugby Game Will Be Staged at Oak Bay To-morrow Afternoon

Vancouver and Varsity Teams Playing in McKechnie Cup Series

To-morrow's rugby fixture will be between the J. B. A. A. and V. I. A. A. teams. Much depends upon the outcome of this game. If the Bays win or draw they will retain possession of the Barnard Cup, which they won last year, and which denotes the senior rugby champions. Should they lose the Bays and V. I. A. A. will be the for first place and another game will be necessary.

Both clubs will have their fleetest fifteen in action. The Bays have all their old reliables ready for the fray, and the V. I. A. A. have enlisted the support of most of their old-timers and there should be plenty of excitement.

The first time these clubs met the game resulted in a draw, but in the next game the Bays were victorious. Rugby fans are greatly interested in to-morrow's game, which will start at 2.45 o'clock at Oak Bay Park.

The Bays will line up as follows: Ryan, McInnes, Totty, Humber and Johnson; Taylor, McLean and McMillan; Davis, Miller, Bond, Sweeney, Johnson, Travis and A. N. Other.

Vancouver, Feb. 23.—After the unavoidable postponements of so many attractive fixtures due to the severity of the weather, rugby enthusiasts will be treated to a contest on Saturday, the interest in which transcends all that have hitherto taken place this season.

The invincible Varsity fifteen meets the pick of the city clubs and upon the result of this struggle will hinge the prize of the championship, as Nanaimo, Cowichan and Victoria have already been soundly trounced by both the competing teams and are out of the race.

With so much at stake the keenest kind of a game can be anticipated and it is conceded that the unbeaten Varsity squad will not surrender their so hard-earned honors without the grimmest kind of a struggle. It will be remembered that the first meeting of these rivals in November proved a magnificent contest in which the "Rep" team showed superior football and looked all over winners until within ten minutes of the final whistle when Varsity, wildly urged to a supreme effort by their frantic supporters, rallied in fine style and, evening up the solitary score against them, managed to obtain the vital points that meant a win in the last moments of a memorable contest.

To-morrow night at the Trades Hall Gymnasium, Broad Street, the Fideles Girls will meet the St. Andrews' five in one of the decisive games for the Senior Girls' S. S. League championship. These two teams square will not rest until they have settled their argument last week but they could not do better than draw, even after half an hour overtime play. The match will be the game on Wednesday afternoon.

The winners in the finals will play-off with the Upper Island and Vancouver champions for the B. C. title and the right to play for the Connaught Cup, emblematic of the Dominion Championship.

The teams will line-up to-morrow as follows:

| Position | Fideles | St. Andrews |
|-----------|-----------|-------------|
| Goal | Leeming | Burton |
| Full-back | Rickinson | Copas |
| Half-back | Thomas | Ord |
| Half-back | Muir | Ros |
| Half-back | Baker | Potter |
| Forward | Sherratt | Somerville |
| Forward | Ogle | Swan |
| Forward | Tyson | McIntyre |
| Forward | Peden | Peters |
| Forward | Clarkson | Mulcahy |
| Forward | Merfield | J. Watt |

Other Games. Several other fast games are billed for to-morrow night. Crusaders Senior "A" team meeting the Tillicums in what should prove a good fast battle. Crusaders are playing well at present, judging by their showing against the Vancouver Native Sons recently.

The games scheduled for to-morrow night are as follows: "A" Boys, 6.30 p. m.; Intermediate "A" Boys, 7.15 p. m.; Senior Girls, St. Andrews vs. Fideles, 8.00 p. m.; Fideles "A" Men, Crusaders vs. Tillicums, 8.45 p. m.; Senior "B" Men, St. Andrews vs. Centennials.

FIGHTER WILL BE PROTECTED IN N. Y.

New York, Feb. 23.—When Harry Greb, United States light heavyweight champion, enters the ring in Madison Square Garden to-night to defend his title against Gene Tunney, of New York, from whom he took it last May, he will carry the assurance of state officials that he will be accorded fair treatment, by William Muldoon, chairman of the state athletic commission, has telegraphed the champion's wife to this effect.

Muldoon announced he had sent the message after Mrs. Greb had complained to him that she had received numerous anonymous communications by mail and wire predicting dire things for her husband when he meets Tunney. The threats were based on Greb's alleged unfair boxing tactics in previous bouts.

GOLF MATCH IS OFF

San Antonio, Texas, Feb. 23.—The winner take all golf match for a purse of \$500 at first scheduled to be played here yesterday between Gene Sarazen, national open champion, and Jack Hutchison, former British titleholder, against Tom Lally, San Antonio Country Club pro, and Clarence Haugman, municipal pro, was postponed until Friday because of a wet course.

Following the match here Sarazen and Hutchison will play in Orange, Texas, and from there they will go to Florida for an exhibition game. After that Gene will return to California to start work on a motion picture "From Caddy to Champion."

Thistles-Wests Match Arouses Big Interest

Teams Will Meet To-morrow In Semi-Finals of Jackson Cup Series; Strongest Elevens Being Put On Field and Strenuous Struggle Is Expected; Thistles Will Have New Goalie; Juniors to Play.

Soccer fans will gather at the Royal Athletic Park to-morrow afternoon to witness one of the greatest games that has been staged in Victoria this season. The Thistles and Victoria Wests will meet in the semi-finals of the Jackson Cup series and a bitter, fast struggle is expected. The kick-off will be at 2.45 o'clock, with Stokes handling the whistle.

The Wests seem to have the greatest amount of backing but the Scotties have switched their team and are counting on getting results. The Thistles have a draw to their credit with the Wests this season and figure on making it a win to-morrow.

These teams play the same kind of football, specializing in the short, fast passing game, which is much prettier to watch than the kick and rush brand. With the field in good shape the game between these old rivals should be a thrilling affair.

Wests' Manager. Jack Youson, manager of the Wests, naturally figures that his crew is going to be good enough to master the Thistles. Only one team this year has been successful in taking the number of the Wests and that was the Sons of England. Jack has not definitely decided upon his forward line. He may use "Spud" Merfield if he finds the going to his liking. Jack is not going to take any chances with the game as he has designs upon the Jackson Cup, as well as the provincial championship.

Jim Keen, manager of the Thistles, limits it will be a hard game but he is confident that it will swing in the direction of the Scotties. Jim has signed Zania, who played goal for the United Services. Jim claims that Zania is the best goalie in town and that he will give the Wests sharpshooters plenty to worry. About "Ginger" Bloom is to be used at centre forward and may give the Thistles an added punch in their attack.

Go Into Finals. The winner of to-morrow's game will enter the finals for the Jackson Cup, emblematic of the city championship. The other team which will figure in the finals will not be decided until next week. The Sons of Canada and the Hudson Bay teams will settle their argument last week but they could not do better than draw, even after half an hour overtime play. The match will be the game on Wednesday afternoon.

The winners in the finals will play-off with the Upper Island and Vancouver champions for the B. C. title and the right to play for the Connaught Cup, emblematic of the Dominion Championship.

The teams will line-up to-morrow as follows:

| Position | Thistles | Wests |
|-----------|-----------|------------|
| Goal | Leeming | Burton |
| Full-back | Rickinson | Copas |
| Half-back | Thomas | Ord |
| Half-back | Muir | Ros |
| Half-back | Baker | Potter |
| Forward | Sherratt | Somerville |
| Forward | Ogle | Swan |
| Forward | Tyson | McIntyre |
| Forward | Peden | Peters |
| Forward | Clarkson | Mulcahy |
| Forward | Merfield | J. Watt |

Two junior football games will be played to-morrow afternoon. They mark the first round of the play-off in the O. B. A. All-ages series. The teams will meet the High School at Beacon Hill with Payne as referee, while Esquimalt and the Saanich Thistles will perform at Central Park with Locke handling the whistle. The Wests hold a bye.

The juniors are playing good football and their games are well attended. The winner of this series will play-off with the Vancouver and Upper Island champions for the B. C. title.

BAY BASKETERS SCORE EASY WIN OVER FIFTH

In an exhibition game played at the Drill Hall on Wednesday night the James Bay Indians completely swamped the Fifth Regiment five by the score of 55-8. For the winners Wachter must have hit a scoring bet, securing 24 points to his credit, while Passmore tallied 13 points. For the soldiers Digson scored four of their points, while Gilbert and Stevens each netted a basket.

The teams were as follows: Bays—Hocking, Wachter, Bothwell, Dunn and Passmore. Fifth Regiment—Sullivan, Gilbert, Stevens, Hodgson and Digson.

VICTORIA GOLF CLUB HAS ARRANGED MATCH

The sixth monthly competition of the Victoria Golf Club will be held to-morrow at the Oak Bay links. The competition will be a match play against par with three-quarters of the handicap allowed. Four entries are expected at fifty cents and two prizes will be given.

Washington's Birthday

By A. A. Freeman.

It is customary in the United States to celebrate the anniversary of great events or birthdays of great women and great men.

The British people celebrate the birthday of their Sovereign, as well as the birthday of their departed great Queen. The American people celebrate the birthday of George Washington, "first in war, first in peace and first in the hearts of his countrymen." When we call him "first in war" it is not meant that he was warlike in disposition, but that when it became necessary to wage war in defence of his country, he was relied on by his fellow-citizens as being their first and greatest leader.

It is not my purpose to enter in detail upon the life and character of George Washington—to do so would involve the writing of a book rather than a newspaper article.

It is my purpose, to note briefly some matters set forth by him in that immortal document, known as Washington's "Farewell Address to the American People."

Speaking to the people at large his earnest advice to them was to obey the law. He advised them that a failure to do so was a menace to the liberty, saying: "All obstructions to the execution of laws, all combinations and associations, under whatever plausible character, with the real design to direct, control, counteract, all the regular deliberations and action of the constituted authorities, are destructive of this fundamental principle, and of fatal tendency. They serve to organize faction, to give the artificial and extraordinary force, to put in the place of the delegated will of the nation a will of party, often a small but artful and enterprising minority of the community; and, according to the alternate triumphs of different parties, to make the public administration the mirror of the ill-concerted and incongruous projects of factions, rather than the organ of consistent and wholesome plans digested by common councils and modified by mutual interests."

While Washington did not deprecate the formation of parties organized for the purpose of promoting the proper ends of government, he did strongly disapprove upon participation where parties instead of being used as a means to accomplish a patriotic purpose are used themselves as the end sought to be obtained, saying:

"Let me now take a more comprehensive view and warn you in the most solemn manner against the baneful effects of the spirit of party generally."

Having thus advised the people as individuals he passed on to give his solemn advice to the nation as such. He strongly advises the nation to avoid any complication with European affairs, saying:

"Europe has a set of primary interests which to us have none or a very remote relation. Hence she must be engaged in frequent controversies, the causes of which are essentially foreign to our concerns. Hence, therefore, it must be unwise in us to implicate ourselves by artificial ties in the ordinary vicissitudes of her politics, or the ordinary combinations and collisions of her friendships or enmities."

"Our detached and distinct situation invites and enables us to pursue a different course. Why forego the advantages of so peculiar a situation? Why quit our own, stand upon foreign ground? Why, by interweaving our destiny with that of any part of Europe, entangle our peace and prosperity in the toils of European ambition, rivalry, interest, humor or caprice?"

I am not ignorant of the fact that some publicists, conceding the propriety of Washington's position have recently undertaken to demonstrate that a change of conditions has arisen which relates to international politics has made a change in Washington's policy advisable. They reprobate the isolation which the United States occupies. It was all well enough, they say, when the republic was three thousand miles and thirty days distant from Europe to maintain this isolation; but that now, when the submarine cable and the wireless telegraph and fast communication have brought it in close and intimate relationship to Europe, it cannot afford

to be indifferent to her affairs. I do not agree to this proposition. The various circumstances mentioned which closely align the United States geographically and commercially with foreign countries advise her to be more strictly cautious in becoming an integral part of their controversies. The worst feuds are those between friends. The bitterest quarrels are family quarrels; and hence the best way for the United States to maintain relations of peace and friendship with her neighbors is to decline to interfere with their concerns.

In my opinion, as an American, it is a matter of congratulation that the American people that their President is pursuing this policy.

I am not ignorant of the fact that recently the jingo press and politicians of the United States have assailed Mr. Harding for his failure to announce any public policy that may have conceived relating to our foreign relations. In my view the President is right. He has no policy on this subject.

The duty of promulgating a national policy, either foreign or domestic, does not reside in the executive, but the legislative department of the Government. The Congress inaugurates a policy and the President executes it and that's all there is in it.

EASTMAN REPLIES TO VICTORIA M.P.P.
Answers History Book Criticism by Joshua Hinchliffe

Vancouver, Feb. 22.—Yesterday evening, before the Vancouver Branch of the Native Sons of Canada, Dr. Mack Eastman addressed a meeting of some four hundred people on the History text question. He dealt specifically with the charges of Canon Hinchliffe and others, and castigated the Canon for his failure to attend the meeting, to which he had been invited by the Native Sons, to discuss the matter in detail and pointing out where Canon Hinchliffe was at fault. He described the whole as a "temper in a teacup," and said that if the Canon had taken the trouble to seek information from reliable sources, the trouble would never have occurred.

At the conclusion of the meeting a resolution was unanimously passed that the meeting go on record as having full confidence in the University History Department and in the discretion of the members of the Department to choose suitable text-books for the use of the students of the University.

In this connection the Students' Council of the University have issued the following statement to the press concerning Hinchliffe's charges:

"The Student Council, representing the whole student body of the University of British Columbia, wishes to issue the following statement as a protest against the very misleading criticisms of History text-books used in this University which have been made from time to time by Canon Hinchliffe, M. P. P., and others who have taken their cue from him:

"1. On the day following his first outbreak, Canon Hinchliffe, who was in the Legislature, who stated that he had confidence in the loyalty of the three members of the University History Department, of whom had served with British military forces during the war, and that Canon Hinchliffe's fears were groundless. Dr. Mack Eastman, head of the History Department, in an article published in The Vancouver Daily Province of December 7, last, refuted the charges of Canon Hinchliffe. He pointed out that Robinson and Beard's book, which had been branded as pro-American and anti-British, was in fact a fair, impartial account of the subject matter treated; that the last seventy pages, the portion of the book that was specifically criticized, had been discussed by the professors in lectures; that the text-book in question was only one of scores of texts and hundreds of reference books used in the nine History courses offered in the University; and that in view of these and other facts Canon Hinchliffe's fears of the University students being 'Americanized' made 'unpatriotic' were quite groundless."

"2. Canon Hinchliffe, who had never sought for information on the subject from the University authorities, even failed to avail himself of the facts published in Dr. Eastman's article, and repeated his charges on several occasions subsequent to December 7, notably before a meeting of some fifty or sixty members of the Child Welfare League of Vancouver on January 16, when University speakers were not given an opportunity of replying to him."

"3. Immediately after the Canon's charges were first made he was invited by the students to speak at the University on the subject. Had he accepted this invitation, but failed to set a date for a meeting, although he was requested to do so, later, on January 16, at his address before the Child Welfare League, he definitely promised a student delegation that he would come to the University at an early date. But to the disappointment of the student executive, he has not yet appeared, although the letter was dispatched on January 18."

"4. In his reply of last week to the Native Sons of Canada, refusing their invitation for him to discuss the point of issue with Dr. Eastman, the Canon stated that there was no reason for further discussion since the object of his criticism, the removal of Robinson and Beard's book from the curriculum, was so attained. The implication of this remark is, of course, that he is responsible for the decision to make a change. Such is emphatically not the

BETTER COOKING

It is wonderful what a help Oxo is in the kitchen. Oxo means good food every day and good health all the year round.

case. The book will automatically disappear from the list of authorized texts after the academic year 1923-24, because of the fact that the course for which it was used will not be given in the University after that time. A general outline of Modern European History, the equivalent of this course, is to be given in the High Schools after this year, so that it will be unnecessary to cover the same ground in the first year of University work. The decision to make this change had been arrived at over a year before Canon Hinchliffe's first criticism, and an announcement to that effect was contained in Dr. Eastman's article of December 7. Yet, as has already been mentioned, the Canon repeated his charges on several occasions subsequent to that date.

"5. Canon Hinchliffe, in his reply to the Native Sons, declared that he had not time at present to discuss the matter. He had time, however, to discuss it before some few people at the Child Welfare League meeting a month or more ago. The University would offer him an audience of probably a thousand students and Faculty members, all vitally interested in the question, while the Native Sons would offer him an audience of at least five or six hundred citizens. At both these meetings, of course, the other side of the case would be presented. At the Child Welfare League, on the other hand, the Canon had the floor to himself. This leads us at least to question his excuse of not having time."

"6. These facts we believe, speak for themselves. We fear that an entire false impression has been created in the public mind by the ill-grounded and unfair charges levied against the History Department by Canon Hinchliffe and other misinformed and insouciant critics, and trust that this statement of facts that have not previously been published will clear up the matter and effectually kill the foolish and unnecessary outcry that has been raised."

SEARCH FOR MAN MISSING IN HILLS

Party Looks for C. Allard Near Duncan; Albert Sockett Rescued

Duncan, Feb. 22.—With Albert Sockett in the hospital here after having been missing for nine days in the snow-covered hills near here, a party is searching for Charles Allard, who was Sockett's companion on the unfortunate hunting trip. Allard is an experienced woodsman and knows the trails, but the snowfall has obliterated them. His home is at Somers.

When picked up by Albert Holman and Peter Boudet Wednesday afternoon, Sockett was crawling on his hands and knees in the snow, three miles from Jones' Cabin, near Mount Frewest, about six miles from Duncan.

"He was exhausted and half-crazed by privation," Sockett and Allard left Duncan for the hills to hunt cougars on Tuesday, February 13. According to Sockett's narrative, told in halting sentences, they spotted the tracks of a cougar and followed them. Then the snow came. Allard, who was in the lead,

CHASE & SANBORN, MONTREAL.

carried the grub, matches and a hatchet.

"Guess we better go back," Allard told Sockett. "Try to follow me as well as you can."

Sockett did his best, but he could not keep up the fast pace set by his guide. The snow became rapidly deeper. Sockett lost sight of Allard and could not see his footprints, either. When darkness came on he groped about blindly, unable to see his way. He spent two nights in a hollow cedar tree. A search party passed him fifty yards away on Wednesday without his knowledge.

There were three dogs with the little party—a hound and two Airedales. One of the Airedales returned on Monday. The others are apparently still with their master. Sockett, who is forty-five years of age, lived formerly in Calgary, and was not familiar with the hill country of the Cowichan district. He is reported to be doing well at the hospital here.

VANCOUVER ELEVATOR.

Ottawa, Feb. 22.—No plans or specifications for the extension to the terminal grain elevator at Vancouver have yet been received by the Government, and no contracts have yet been let in connection with the construction of the extension, it was announced in the House yesterday.

NEW BRITISH TRADE UNION ACT

London, Feb. 23 (Canadian Press Cable)—The text of a bill introduced in the House of Commons by Lieut. Colonel Shea, Conservative, Finsbury, to amend the Trade Union Act of 1913 has been issued. The bill proposes to bring all trade unions, whether registered or not, under one law. It provides that when a resolution has been passed in favor of political action being taken by a union, those members of the union who desire to contribute to the support of political

objects shall indicate in writing their desire to do so. A bill has been presented by J. H. Simpson, Liberal, Taunton, Somersetshire, providing for the repeal of the Safeguarding of Industries Act, 1921, and the Dyestuffs Import Regulation Act of 1920.

His Girl—Reginald, dear, do fry and be cheerful. I know it will come all right. Mamma, at least, is on our side.

Reginald—What makes you think so? His Girl—Well, dear, I heard her tell papa not to judge you too much by appearances. —London Mail.

NINETY YEARS OLD AND OVER

W. R. CURTIS

Of Milford, Ill., Ninety-One. Glands, and all that talk about extending life is just foolish monkey business.

Live a sane, even life without any excesses and you may live to be a hundred.

Much beyond that no man can go. It isn't natural.

If grown-ups would pay less attention to these crazy ideas and more to their children we might be better off.

I believe the girls are all right—if they are brought up right.

But so few of the modern girls are. Most of these few live on the farm where they are taught useful work from their very childhood.

EZRA MEEKER

Of Oregon, Ninety-Two. The mothers are to blame. They should set their daughters washing dishes, instead of letting them run around wild.

I went across the country with an ox team and saw the West built up by men and women who were helpmates to each other. The girls could weave, cook, sew, bake, work.

Mention these duties to a girl today and she laughs. She is the modern woman!

Maybe she knows about these new-fangled scientific ideas.

I don't. But I do know that you can't buck nature.

No man can live beyond his time, doctors or no doctors!

DANIEL KENNARD

Of Brooklyn, N.Y., Ninety-Four. Let nature take its own course. The more we try to agitate it, the worse living becomes.

I never took any stock in these prolongation-of-life experiments, and I'm not dying young.

But I bet that most of the scientists who are dabbling with the work will pass away long before the age that I go.

Lead the simple life, have plenty of outdoor work, abstain from tobacco and liquor and you needn't worry about your end coming too soon.

But don't let any of the young flappers annoy you. They are too fresh and aggravating, and should be queched—if that is possible.

C. P. BENEDICT

Of New York, Ninety-One. Of course, girls are always nice. But the old-fashioned girls of my day were far better than their sisters are to-day.

They were less bold, less forward, perhaps—but lots more wholesome.

Give me one of the old-timers of the 60's any time.

They never worried about their age. They knew that if they lived a clean, healthy life they would live to a ripe old age.

But now they seem to be worrying about prolonging life by means of science.

It's all just rot.

ESTABLISH FELLOWSHIPS.

Paris, Jan. 27.—"Truth needs some help to get about these days, and you can give it," said Georges Clemenceau yesterday in receiving a delegation of fellows of the American Field Service Fellowship.

He said the delegation of the American Field Service Fellowship, which was headed by M. Clemenceau, had just returned from a recent tour of the United States. The delegation included the former

Premier's godson, Jacques Clemenceau Leclercq. M. Clemenceau said the proceeds of his tour at the disposition of the fellowship association amounted to \$40,000.

An irate father was lecturing one of his sons over some misdeed, and, of course, brought in the old boast. "When I was a boy my father would have thrashed me soundly for that sort of thing."

FIREMEN PROVE ENGAGING HOSTS

Masquerade Last Night Was Merry Affair; 300 Dancers Attended

Over 300 dancers in character costumes attended the masquerade held by the men of the Fire Brigade last night, the affair proving one of the most entertaining functions staged by the members of the Department during the winter season. H. Dyer acted as Master of Ceremonies.

Messrs. T. W. C. Hawkins, J. Phillips and Mrs. De Meres, the judges, awarded the prizes to the following dancers for their masquerade characters: Best dressed woman, Mrs. Lorimer, "Spanish Girl"; best dressed gentleman, Mr. Lorimer, a "Courtier"; best sustained character, Mrs. Welsh, "Indian Woman"; best sustained character, gentleman, E. Barber, "Policeman"; most original character, Mrs. Anderson, as a "Spanish Maiden"; most original character, gentleman, Mr. Pasco, "Chinaman"; most original character, woman, Mrs. Donnascher, "Aunt Sally"; best costumed gentleman, Mr. Welsh, "A Tramp."

His "ghost" character, while the orchestra of the Fire Brigade assisted admirably at the supper intervals. Credit is due to Lieut. Raymond E. Barker, Mr. McKeown and R. Clarke, the committee in charge, for the excellent arrangements throughout the evening.

ENTRIES WILL CLOSE TO-MORROW

Local Prizes for Canadian Typewriting Championships

Victoria typists have been granted a special privilege this year in being permitted to take part in the Canadian typewriting championships which will be at Toronto on Friday, March 3. The annual contest for the title of champion typist of the city and district of Victoria will take place at the same time and the typist who leads the Victoria (Canadian) championship contest will be the holder of the Sprott-Shaw Cup for the ensuing year. Three contests will be held, namely, the championship, the intermediate and the novice.

Already a number of the more ambitious typists of the city are getting in form for this contest and are ambitious to have Victorians rank high among Canadian typists.

The entry list for this contest will close to-morrow at 1 p.m.

All information regarding this contest may be obtained at the office of the Sprott-Shaw School, 4012 Douglas St.

The following is the list of prizes for the contest:

The Sprott-Shaw Cup presented by the Sprott-Shaw School.
Sprott-Shaw Replica Cup presented by R. J. Sprott.
Gold medal to runner-up of champion presented by J. H. Beatty.
Underwood Cup to typist who makes highest speed on Underwood machine exclusive of champion and runner-up presented by H. P. Johnson, manager of United Typewriter Co.
Remington Cup to typist who makes highest speed on Remington machine exclusive of champion and runner-up presented by A. H. Kerr, manager of Remington Co.
One-minute contest, prize presented by Sprott-Shaw School.
Intermediate championship, prize presented by The Times.
Runner-up to intermediate championship, prize presented by E. Noonan.
One-minute intermediate contest, prize presented by Sprott-Shaw School.
Novice championship, prize presented by The Colonist.
Runner-up in novice contest, prize presented by J. R. Jones.
One-minute novice contest, prize presented by Sprott-Shaw School.

BASKETBALL TEAMS PLAYED IN DUNCAN

Special to The Times

Duncan—Three more league games were played off in the Agricultural Hall on Wednesday evening, before quite a large number of spectators.

The match between the High School Girls and the Jack Tars proved very even in the first part, the score at half time being eight all. After that, however, the Jack Tars could not keep up the pace, and the School Girls ran away from them, ending up with a score of 24 to 12.

The Crescents beat the Outlaws 30-18, and the Garages downed St. Andrew's by a score of 35-10. For the High School Girls, I. Castley scored 10 points, B. Castley 8, and H. Best 6, and for the Jack Tars, Mrs. Evans 4, M. Inches 4, E. Castley 3, and C. Best 2.

For the Crescents P. Forrest scored 14, W. McNicol 14, Talbot 2, whilst C. Bradshaw 12, Maitland 2, Johnson 2, and Hilton 2, did the scoring for the Outlaws. For the Garages Brown scored 20 points, L. Brookbank 9, Townsend 4, and Tombs 2, and for St. Andrew's, Hattie scored 4 points, Phillips 4 and Olsen 2.

E. Evans acted as referee for all three games.

The teams were: High School Girls—V. Harris, D. McMillan, H. Best, I. Castley and B. Castley.

Outlaws—Hilton, Johnson, E. Evans, Maitland and C. Bradshaw.

United Garages—Brown, Tombs, Townsend, L. Brookbank and Woodward.

Jack Tars—F. Castley, M. Tombs, Mrs. Evans, M. Inches and C. Best.

Crescents—P. Forrest, W. McNicol, Brookbank, Harris, Barrett and Talbot (referee).

St. Andrew's—Peterson, Hattie, Olsen, Phillips and Tall.

MELODIES IN MANY HUES

Is Beethoven's "Moonlight" sonata a shimmering pale-green or a soft rose-pink? Does Schubert's "Serenade" carry a message of glowing purple or a burden of silver-grey?

These are not interrogatories from Beethoven, but problems definitely raised by a new art which seeks to throw fresh light on musical compositions and chromatic harmonies.

Delicious Raisin Bread

Phone your grocer or a neighborhood bake shop for a loaf of real, full-fruited raisin bread. Bakers everywhere are now making just the kind you like.

Generously filled with luscious fruit meats—at least eight tempting raisins to the slice.

Try it. See how good it is.

First-class bakers make it with

Sun-Maid Seeded Raisins

'the best raisins for bread, and all home cooking uses.

Had Your Iron Today?

by projecting them on the screen in terms of color as an orchestra projects them into the air in terms of sound.

The instrument devised for this purpose is the "color-organ," of which there are several rapidly improving varieties in existence. They resemble an ordinary organ in appearance, but they are silent.

The "color-organ" has a keyboard which, manipulated by an expert in exactly the same way as if playing from music, causes a succession of modulated colored light-effects to appear on the screen.

These act as an aesthetic entertainment in themselves, or as an appropriate accompaniment to any musical composition played by the orchestra. If there is a dancer on the stage, the combination of the three modes of expression is striking and charming.

The combinations of harmonic sound are infinite in number (says a writer in The Daily Express) and the combinations of harmonic color are scarcely less so. If one takes into account all possible tints, shades, and gradations of light.

One of these "color-organ" systems has a range of nearly 500 tints, and the change from tint to tint is certainly more subtle, delicate and elusive than the change from note to note on any sound instrument.

Even the most furious and most syncopated fox-trot could be accurately represented, though the result would probably resemble a polychromatic "aural" borealis more than anything else.

Sunlight and burning green fill the whole world with song. With the "color-organ" comes into its own perhaps the spheres will resound to such vocal harmonies as they have never heard before! There may even be a new charitable slogan: "Pity the poor color-blind." —Tit-Bits.

"HOUSE OF DAVID" GOES TO COURT

St. Joseph, Mich., Feb. 23.—A rebellion against the rule of Benjamin

Purnell, of the House of David, the Benton Harbor religious colony; the jousting of the Shiloh Building, headquarters of the sect, after a "gas attack"; seizure of \$300,000 supposed to be in the building, and the setting up of a new colony, to be known as the "League of Nations" and over which a woman was to rule as "queen," were being planned in 1920 when John W. Hansel, of Nashville, Tenn., was expelled from the sect, according to the bill of particulars in a suit filed in circuit court here by Purnell.

The head of the colony seeks to recover \$200,000 damages from Hansel and eight other former members of the cult who are alleged to have been parties to the reported conspiracy to wreck the organization.

The "queen" of the new colony which was to have been built on the banks of the St. Joseph River, opposite the present settlement, was to have been Gertrude Bully, formerly a leader among the women of the cult, the bill declares.

An actor produced a play, "The Law and the Man," founded on Hugo's "Les Misérables."

"Way didn't you preserve the original name?" asked a friend.

"I tried to at first," said the actor. "I couldn't get a manager to produce it."

"Produce it!" exclaimed the player. "I couldn't get one to pronounce it." —Tit-Bits.

A Mother Superior PRAISES Zam-Buk

Many of our religious and charitable institutions have adopted Zam-Buk as their standard skin-remedy. This fact speaks for itself.

The Sisters of Charity carrying on the noble work of humanity, are often called upon to minister to the bodily as well as the spiritual needs of the ailing and afflicted. As the following letters show, these Sisters, with the skill and knowledge of trained Nurses, have complete faith in the healing and disease-dispelling power of this great herbal balm.

The Mother Superior of Elie Convent, Man. writes:—"Gentlemen, in our institution, we use your Zam-Buk and have found it most efficacious. It is a splendid remedy for sores and skin troubles. You may gladly use this information as a recommendation of your excellent preparation."

The Grey Nuns of St. Patrick's, Ottawa, write:—"Gentlemen, in the orphanage department of the Sisters we have found Zam-Buk very good for healing cuts, colds, sores, and skin injuries, and shall continue to use it for such. Every body needs Zam-Buk."

Splendid For
SKIN TROUBLES

You Catch Cold Easily?

When you allow your strength to rundown and your body becomes weakened and susceptible, that is just the time that you invite the cold and cough that follows germ-infection. Keep your body strong and well nourished—take

SCOTT'S EMULSION

as a means of guarding against the breaking down of the resistive powers of the body. The rich, energizing qualities of Scott's Emulsion are quickly digested, and it is surprising how a few bottles build up and strengthen the whole body. Be sure that you buy Scott's Emulsion!

BOYS' NAVAL BRIGADE HOLDS SECOND CONCERT

Enthusiasm Again Shown at
Recital Last Evening

That another promenade concert by the Boys' Naval Brigade should follow so soon after their successful initial appearance a few days ago is well, and the management is to be commended upon its activity and foresight in thus at the commencement of its career bringing to the notice of Victoria citizens the progress and sterling worth of the Boys' Naval Brigade band. Here is an organization scarcely two years old, yet so rapid has been its progress that as the Times recently pointed out, it is now able to give its own programmes, consisting of many standard works and many of its players can accomplish most creditable performances on the instruments of their choice. This promising band is composed of over thirty young instrumentalists, and all are the youth of the city. That such an organization at its very inception should receive encouragement, goes without saying, and due recognition of its merits should be made. What better for any boy is the fact that he is able to play upon a musical instrument. It was thus an excellent idea to give last evening at the Empress Hotel ballroom, its own programme, greeted by the hotel management, another of their interesting and meritorious performances. Much of all this, if not wholly, is due to two officers at its head, namely, the indefatigable secretary, P. A. Rayner, and Albert Rumsby, the efficient, valiant and keenly interested bandmaster.

The programme in the main was a repetition of their former appearance, but there were evidences of a growing confidence, and by reason of additional rehearsals their efforts last evening were noticeably improved. The appreciation of the present was the more pronounced than on the former occasion. The quality of tone throughout is quite good, and the sections formerly alluded to were again deserving of much praise. Boy Milligan shows natural ability in his excellent cornet playing, and others there were who gave a good account of themselves. Those assisting in the programme were Mrs. McDonagh, soprano, "Bob" Webb, baritone, and W. Vaughan Jones, tenor, all of whom are well-known and popular on local concert platforms. The accompaniments to these vocalists were the skillful hands of J. H. W. Finner, and the many present gave frequent manifestations of delight in their generous and encouraging applause.

VANCOUVER ISLAND FEDERATION OF P. T. ASSOCIATIONS

The adjourned joint Parent-Teacher Association meeting of Victoria city and district will be held in the Auditorium of the Victoria High School on Tuesday at 8 p.m. for the purpose of organizing a "Vancouver Island Federation."

All secretaries are specially requested to notify their delegations of this meeting, and it is hoped that a special endeavor will be made on the part of all members, teachers, parents and those interested to attend.

Best Cough Mixture Is Home Made

Sets With Speed—Loosens the
Phlegm—Stops the Irritation
and Coughing Cesses

Fine for Chest Colds Too and Is
Cheaply Made at Home.

When you can make in two minutes, a world beating remedy that acts directly on the membrane and often overnight causes stubborn coughs and even hard chest colds to disappear, why trifle with things that will probably disappoint?

Hawking and snuffling and also soreness of the membrane go and you will feel fine in almost no time.

Just get one ounce of Parment (double strength) is a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds. (Adv.)

DAVID SPENCER, LIMITED

TIMES DAILY-PICTURE PAGE

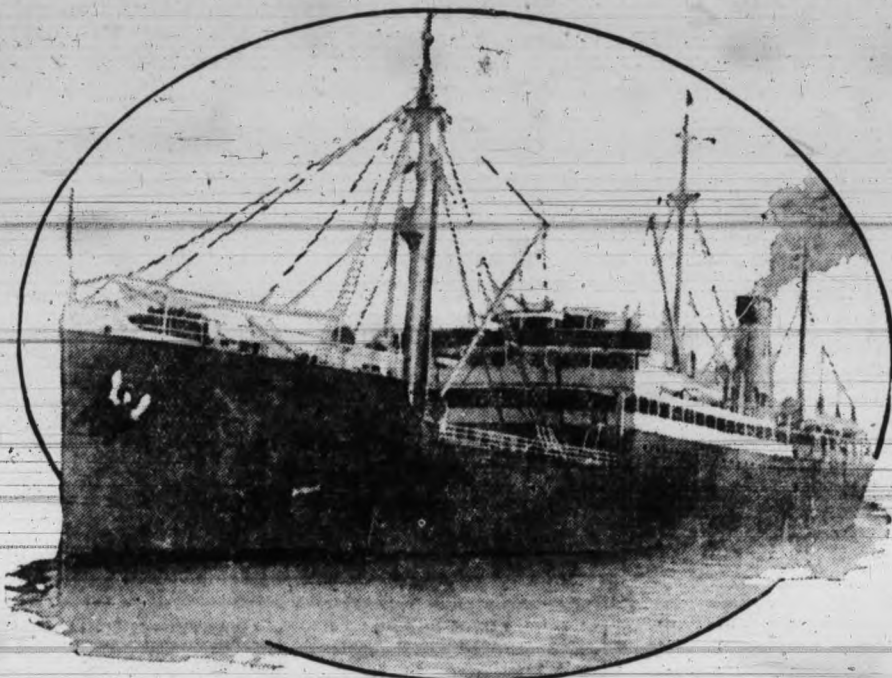

Harry Gosling
British Labor leader, was elected to Parliament in the Stepney by-election, defeating Liberal prohibition candidates.

On the right is William J. Burns, chief of the U. S. secret service, who has been charged by Albert Ballin, a former detective, with inciting "reds" to acts of violence, so they would be liable to arrest. At the left is Wm. Z. Foster, one of the men whom Burns is said to have attempted to "frame."

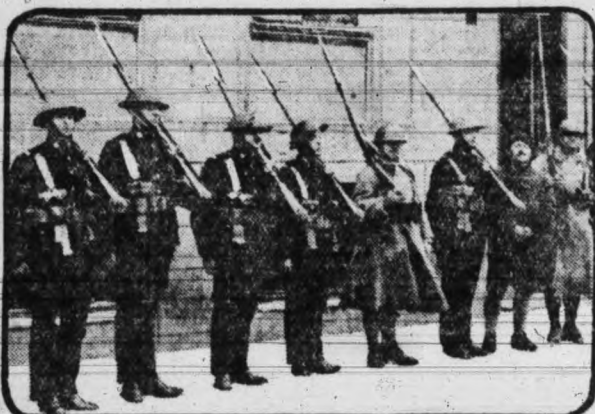

Hundreds in Peril as Two Ships Crash in Pacific

Hundreds were thrown into a panic when the Pacific liner Wilhelmina (shown here) collided with the freighter Sierra in a fog seven miles off San Francisco.

Mrs. O. B. Sheppard (left) and Mrs. Margaret Armstrong (right), two Toronto women, inherit the medals and estate of the late Sergt. George Richardson, nonagenarian V. C. hero, who died in London, Ont., recently. Mrs. Armstrong, Sergt. Richardson declared, reminded him of his wife in the days of their courtship.

Control of Memel was vested in the League of Nations and exercised by this garrison of French marines and infantrymen. Here they are shown guarding the League of Nations headquarters before control of Memel passed into the hands of Lithuanian irregular troops.

Volunteer members of a Lithuanian Foreign Legion composed of Russian and German soldiers who fought in the World War wrested control of the Baltic seaport of Memel from the League of Nations garrison which governed the city.

Brig-Gen. Dr. C. E. Sawyer
personal physician to Warren G. Harding, President of the United States, is active in connection with the formation of a national department of public welfare.

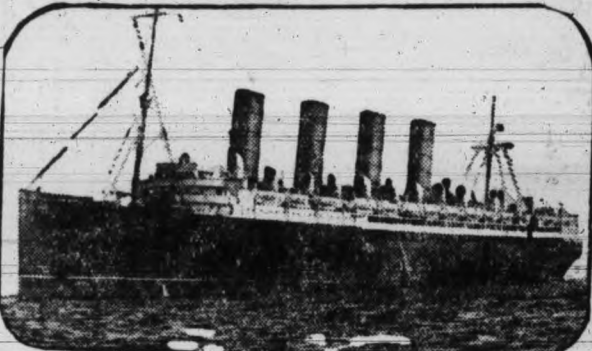

Col. W. N. Haskell
head of the American Red Cross in Asia Minor, discredits reports of Turkish atrocities, declaring that Armenians and Greeks can live in peace under the Turkish Government.

Harry Leader
Progressive M. P. for Portage la Prairie, urges members of both Senate and Commons to set an example of economy by cutting their own indemnities by 12 1/2 per cent.

Crowds at Essen greeted as heroes the returning coal magnates upon their return to the Ruhr district after having been fined by the French. Left to right: Director-General Kesten of Stahlbusch mined 15,632 francs; Solicitor Grimm, who defended the mine owners before the court-martial; Director-General Spindler of the Victoria Matthias mine, fined 47,742 francs.

The liner Mauretania, shown above, has left New York on a special cruise with 547 passengers, most of them millionaires. The ship was chartered at a cost of \$1,250,000 for a 66-day cruise across the Atlantic and through the Mediterranean.

"Canned Willie" in Ancient Tomb

Egyptian natives are shown here carrying embalmed body from the thirty-century-old tomb of King Tutankhamen. Forty packages of this beef carefully sealed in wooden boxes were taken from the tomb.

The First Touch of Spring

SCHOOL DAYS By DWIG

Alfred Lemanowicz
of Paterson, N. J., had a pig's eye grafted into his empty eye-socket, and is regaining his sight in consequence of the operation.

Senator P. H. McCumber
is in charge of the piloting of the British Debt Refunding bill through the United States Senate.

REAL ESTATE-HOUSES, LOTS, ACREAGE, DAIRY, FRUIT AND CHICKEN RANGES FOR SALE

CHEAP HOME, HIGH LOCATION.

RICH WEALTH OF B. C. INDUSTRIES IS TOLD TO THE LOCAL COUNCIL OF WOMEN

(Continued from page 6.)

Vice Work to attend the meeting which would be held at the Girls' Club, 1308 Stanley Avenue, next week, to enable her to get in touch with local conditions, and with her co-workers in the service. She had come with no policy but to be of use, but her efficiency could be greatly augmented by the voluntary help of those interested, and these study classes which would take place on Wednesday afternoon at 2.30 p. m. and Thursday evening at 8 o'clock would prove of mutual help and interest.

Various Reports.

Mrs. Wyle gave an interesting account of the year's activities of the Lady Douglas Chapter, and paid tribute in passing to the excellent work of the Red Cross Workshop. The Soldiers' Comforts Committee, whose aim was not to dispense charity, but friendly gifts in a friendly way, had done good work during the year among the soldiers' families. A valuable address given by Mrs. Dennis Harris on Indian Arts and Crafts was recorded, and the speaker dwelt eloquently on the need of training the younger Indians in their own native crafts, as was being done in the Queen Charlotte Islands. By this means the Indians themselves would be made happier and healthier, and Vancouver Island would become the centre of an interesting native industry, as a great attraction to tourists.

The Navy League Chapter, I. O. D. E., report recorded the sum of \$630.50 spent in donations to worthy causes in addition to its numerous other activities. Mrs. Hall, for the Garden City Women's Institute, reported a strenuous year's work, in which the Memorial Hall, under the training of the building department brought down to vanishing point.

A thoughtful report presented for the Unitarian and other Liberal Christian Alliance, dwelt on the need of a wider outlook and sympathetic understanding of the needs of a war-torn world.

That well-known volume, "Varieties of Religious Experience," by William James, had been taken for class study, and had proved of inestimable value. A much needed addition to the Church had been made possible by the devoted work of their small body of fourteen members.

The suppression of objectionable printed matter was next reported by Mrs. Shampney, and Miss Snyder stated that at the national executive meeting of the British Service Council held in Montreal last November it had been advised that further action be postponed pending the receipt of information as the standing of the British North America Act on this subject.

Meter Rents

A spirited discussion followed on the vexed question of meter rents. Mrs. J. D. Gordon sponsoring the following resolution:

"Whereas the public of Victoria is charged 20c monthly for electric light meters and 25c monthly for gas meters; and whereas these meters cost from \$12 to \$15 each; and whereas

THE SALVATION ARMY INDST. DEPT. 525 Johnson Street.

WILL CALL for your cast-off clothing: boots, discarded furniture, magazines, waste paper, rubbers, etc. if you phone 5245.

BRITISH & KEE, LTD.
Real Estate, Financial and Insurance Agents.
823 Fort Street. Phone 132

COUNTRY HOME of 4 rooms, together with 10 acres, situated in good agricultural and fruit district, within a few minutes' ride from the city. The house is of imposing appearance, of handsome design, with clinker brick and cement foundation, and comprises all the modern built-in features found in a high-class city home; 8 acres are cleared, there is a domestic orchard, half an acre of lawn, and a fine view of the city and harbor. The property is situated in a quiet, healthy, and desirable location. Price \$15,000 to \$18,000. We can sell it for \$15,000. Full particulars at the office.

OLD WINTER now saw his mistake. He should have gone home dressed in a neat white robe, but now he must go limping away looking like a beggar. I won't leave next year to stay longer," he whimpered.

"You had better not," replied Miss Spring, who had heard the remark, "because next year I shall be up bright and early and see that I have my rights."

But when she told her son he had better run home because his sister Spring would soon be peeping out from under the ground, Winter began to whimper and fuss and beg for one more clean white robe. "Then you shall see, Mother, that a good son I will be," he said.

"Just you dress me up once more and I will go home spandy clean and let sister Spring hold sway."

Now, being a very soft-hearted mother she did as he asked and sent her little white snowflakes once more over the land. "Now remember your promise, Winter," she cautioned her son. "Go home while you are nice."

Many householders have paid in rent many times the cost of these meters; therefore he it resolved that the British Columbia Electric Railway Company be asked to lower these meter rents or to abolish same."

It was pointed out that such a tax represented six per cent. interest on \$90 and yet this was for rent only and not a question of purchase. Any one renting house expected merely interest on the capital invested, and that was all that was equitable. A Dominion law provided that meters should be changed every five years, and sent back for examination to the factory, but this rule was not always observed. It was contended, Mrs. H. E. Young, Mrs. Gibbs and Mrs. Andrews were nominated to form a committee of investigation and report back to the Council at its next regular meeting.

WANTED GOOD MEASURE.

An old Scotswoman tramped miles over the hills to get a bottle of medicine for a small boy who was ill in her remote village.

When she had described the symptoms, the doctor set about preparing the mixture, one ingredient of which was a poison which could be administered only in the smallest quantities.

She watched him pouring it with the utmost care into the measuring glass. He poured a little from the bottle, held the glass up to the light, and then added a few more drops.

"Ah, doctor," she said reproachfully, "you needn't be so stingy. Remember, it's for a poor wee orphan laddie."

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Veech's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Every body uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen the gray hair with water, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

SPRING IS HERE AS SKYLARK RETURNS

Winter Troubles All Over,
Says Fred Barnes, Find-
ing First Bird

Spring is really here at last, take it from Fred Barnes, proprietor of the

beautiful Croft Acres homestead and small fruit ranch at Lake Hill.

The reason for this long-awaited announcement is the appearance of the first skylark of the year. Mr. Barnes announced that this bird was seen going through its characteristic ups and downs on his property yesterday.

Since skylarks were imported from England, and years ago they have become the true harbingers of Spring. Mr. Barnes said in making the announcement, "They are earlier and more reliable season forecasters than the bullfrogs, which people have been going on and they far surpass any forecasting that astrologers or moon men make from lunar actions."

Mr. Barnes said that farmers and fruit men can go ahead without any fear of winter troubles recurring. The skylark, he says, is like affluent men, as he goes south for the winter and does not return north until he knows definitely that the cold and storms have quit for the year.

CHARGES DISMISSED IN NANAIMO COURT

Judge Finds A. E. Mainwaring Had no Criminal Intent

Nanaimo—The trial of A. E. Mainwaring on charges of theft in connection with funds of the Nanaimo Meat and Produce Company was concluded here, the charges being dismissed.

Arthur H. Fleishman, of Vancouver, appeared for the defence, J. Ross, who represented Mr. Mainwaring at the preliminary hearing, being an important witness for the defence. Two charges were heard. The first was an allegation of misappropriation of the sum of \$5,000. The defence in this instance was that the money was paid out of the business of the Nanaimo Meat & Produce Co. on a note owing to Messrs. Blake & Wilson, this sum having been used to purchase the business in the first place from the Quennell estate. The defence contended that the complainants were fully aware that this money was owing, and that the payment of same by Mr. Mainwaring was legitimate.

The other charge was that of having misappropriated the sum of \$500. The defence in this matter was that the cheque in question had been drawn on a certain Saturday morning when Mr. Mainwaring expected to be absent from the city all day, and it was thought necessary to have cash on hand for cashing cheques, etc. They contended that the bank deposit of the following Monday showed that this sum, together with the cash taken in on Saturday, was deposited in the bank.

Judge Barker, in giving judgment, stated he would dismiss the charges, as he did not think there was any criminal intent shown. If there was a case, it was one for the civil courts, in his opinion.

In connection with the two remaining charges against Mr. Mainwaring, the Crown Prosecutor entered a nolle prosequi, thus terminating all criminal proceedings against Mr. Mainwaring.

The civil action between the parties was, it is understood, settled out of court later to the satisfaction of all concerned.

MOTORS IN COLLISION.

A motor stage of the Flying Line driven by W. Harrison, and a motor car driven by Neil Little, East Saanich, were in collision yesterday morning at Heat's Hill, near Royal Oak. Both cars were damaged. None of the occupants were seriously injured. The accident was reported to the Saanich police, and Constable Rankin investigated.

ALLIED MEMEL OFFICIALS RETURN TO THEIR HOMES

Antwerp, Feb. 23.—The Inter-Allied commission which has supervised the Memel territory since the war ended landed here yesterday from the British cruiser Caledon. Sovereignty over the Memel district is now in the hands of Lithuania by decision of the Allied Council of Ambassadors.

WHEN EVERYBODY IS "CATCHING A COLD"

Is The Time To Take
WINCARNIS

"I feel that I owe you a debt of gratitude for what your wonderful Wincarnis has done for me and other members of my family. We first learned of Wincarnis when we resided in England. It gave us much satisfaction that we all used it whenever we felt the need of a tonic, as when influenza was rampant or when every body was catching a cold."

We have continued to use Wincarnis since our arrival in this country, and we have recommended it to a number of our friends here. All of these friends are now singing the praise of your excellent preparation. It is really surprising how quickly one regains weight and strength and recovers from nervousness when Wincarnis is taken after an attack of influenza or a very severe cold."

(Mrs. Mary Mulholland,
271 Baldwin Ave., Jersey City, N.J.)
